

"FLEURY RETAKEN"-BERLIN

Town Is Storm Center Of Fierce Verdun Battle

FRENCH DROVE GERMANS OUT OF VILLAGE BUT ADMIT THE KAISERMEN RE-ENTERED PART OF IT

Berlin, August 4---(Via London)---The village of Fleury, north of Verdun, was regained by the Germans this morning, it was officially announced today by the German army headquarters. The situation at Fleury and its vicinity, the statement adds, now is the same as it was before the French attack.

London, August 4---Verdun has again become the main battle ground on the Western front, for the time being at least, with the village of Fleury, three miles north of the fortress, as the storm center.

The French, in their three days' old offensive east of the Meuse which netted them considerable ground north, along the river and well to the east toward Fort Souville, captured the village yesterday in a furious assault.

Berlin claims today that the Crown Prince's troops recaptured Fleury this morning, restoring the lines as they were before the French attack. This afternoon's Paris bulletin admits that the Germans secured a footing in the southern part of the village.

Petrograd announces a break in the German lines along the Stokhod with the capture by the Russians of the village of Rudka-Miryskaia, 19 miles from Kovel, their objective in the Volhynian region. The Berlin official announcement declares the Germans regained all the ground they had lost in this region.

The Russians claim another penetration of Gen. Von Linsingen's lines in Volhynia, reporting the crossing of the Stokhod fifty miles northeast of Kovel at Lubieszow.

ALL FANCE IS ELATED

Paris, August 4---Verdun is again in the center of the war stage. The recapture by the French of the village of Fleury which had been held by the Germans for more than a month has caused great elation in France. It is the first fruit of the French slow and methodical offensive begun three days ago and seems in the opinion of French military observers, to mark an epoch in the great movement.

The Germans appear to be less capable of operating on their old overwhelming scale and the initiative, military men here think, is about to pass to the French for good.

While the German artillery continues to be as powerful and as well supplied as ever, the Germans no longer are able to gather the troops necessary to reap the benefit of artillery preparation.

It is twenty days since the Germans made their last big attack on the right bank of the Meuse by which they obtained small results at a heavy cost. On the left bank of the Meuse nothing beyond local actions have been attempted by the invaders for a week.

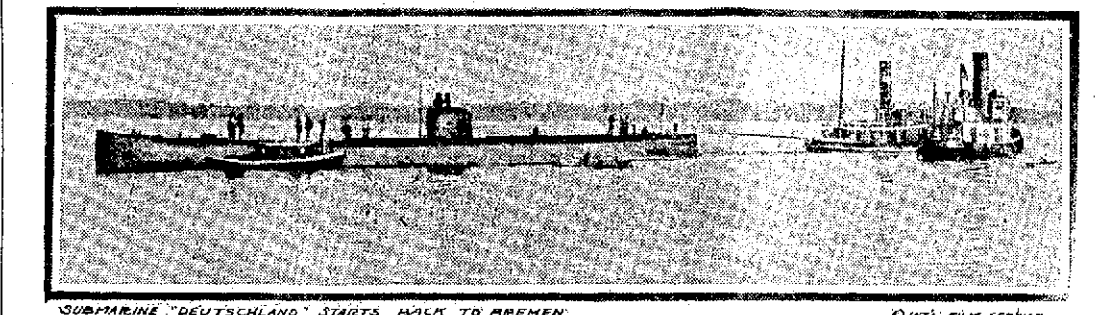

French bomb throwers for a fortnight past, in anticipation of the present offensive, had been creeping forward by the Vignes ravine, west of Froide Terre, with the object of getting near Thiaumont work by working around Hill No. 305.

The bombers first reached the Bres Fleury road. They then

CARRANZA REPLY INSISTS COMMISSION'S WORK BE CONFINED TO MILITARY SITUATION

The "Deutschland" Leaving Baltimore For Home

Convoyed by the tugs Timminus and Efoe, the German merchantman "Deutschland" is seen leaving the harbor of Baltimore, August 1st, on the first lap of her homeward dash.

Norfolk, Va., August 4. The submarine merchantman Deutschland, still were in position within sight of shore during Thursday night. The German ship was seen by the United States Navy's patrol boats on Wednesday night.

DEUTSCHLAND WILL RETURN IN SIX WEEKS

Canton, O., August 4.—The German merchant submarine Deutschland will return to America within six weeks. This is the statement of John Koenig, 50, brother of Captain Paul Koenig, of the under-sea freighter, who says he gleaned this from letters written him within the last week by his brother. Koenig is employed here as foreman in charge of electrical construction work.

LIMITS POWER OF CONFEREES

Washington, D. C., August 4.—General Carranza's reply to the late American note accepting his suggestion for a joint commission to adjust border differences, but proposing a broader scope for the commission's work, was delivered to the state department today by Eliseo Arredondo, the Mexican Ambassador designate. It announces the appointment of three Mexican commissioners with instructions to "devote their attention preferably to the resolution of the points mentioned in the previous note."

Thus the defacto government apparently rejects the proposal that the commission consider other questions than the military situation and limits its discussions to the subjects originally suggested by Carranza—withdrawal of American troops from Mexico; formulation of a protocol to cover future operation against bandits and investigation of interests which may have promoted border raids.

Whether this will be satisfactory to the United States government has not been indicated. Hope for an early solution of pending difficulties was confidently expressed by Mr. Arredondo after leaving the state department.

The text of the note says: "Mr. Secretary:—

"I have the honor to transmit to your excellency the following note which I have just received from my government:—

"Mr. Secretary:—

"In due reply to the courteous note of the department of state, dated July 28, 1916, I have the honor to say to your excellency that the First Chief of the constitutional army in charge of the executive power of the Mexican Republic congratulates himself on the laudable efforts of the American government to arrive at a solution of existing difficulties between the two countries, and, to that effect, considering it of the greatest importance that a prompt decision be reached of the points which have caused the existing differences between the United States and Mexico, referred to in the note of the Mexican government dated July 4, 1916.

Auto Bandits Hold Up Pay Clerks; Get \$37,000

Detroit, Mich., August 4---Five automobile bandits held up pay clerks entering the plant of the Burroughs Adding Machine company here at two o'clock this afternoon and after shooting one of the clerks, escaped with bags said to have contained \$37,000. Employees of the Burroughs plant in another auto gave chase and a running fight ensued down Second avenue. One of the robbers was reported wounded. The bandits were armed with rifles.

1,000 DEAD, 5,000 STRICKEN BY PLAGUE

New York, August 4.—More than 1,000 children now have been killed by the epidemic of infantile paralysis and nearly 5,000 have been stricken by the disease. The health department's daily bulletin shows that the plague still continues to gain headway. During the twenty-four hours ending at ten a. m. today, forty-five children have died of the disease in the five boroughs of New York City, and 176 new cases, the second largest number in a single day were reported.

TREATY FOR PURCHASE OF DANISH WEST INDIES HAS BEEN SIGNED

Washington, August 4---Acting Secretary Polk announced today that the treaty by which the United States is to purchase the Danish West Indies from Denmark for \$25,000,000, was signed at New York this morning by Secretary Lansing and Minister Constantin Brun.

The treaty provides for the transfer to the United States of three islands, St. Thomas, St. Croix and St. John, which have been the subject of negotiations between the United States and Denmark for many years. It is understood that the administration will ask for ratification by the senate before the end of the present session, and while there may be some objection to the price, no really serious opposition is expected. Secretary Lansing, who has been spending his vacation at Watertown, New York, went to New York to meet Minister Brun.

FAMILIES DROWN

Middlesboro, Ky., August 4.—A revised list of dead reported today from Blair's Creek in the Barren Creek region of Northern Tennessee, shows that the cloudburst which visited the little sparsely populated country Wednesday night claimed a total of 28 dead. Ten others are reported as missing. Ten members in each of two families succumbed to the rush of the water that carried away their homes.

English Observe The 2nd War Anniversary

London, August 4.—Every town and village in the British Isles as well as places throughout the Empire, today observed the second anniversary of Great Britain's declaration of war. Meetings were held and resolutions passed declaring a "determination to continue to a victorious end the struggle in the maintenance of those ideals of liberty and justice which are the common and sacred cause of the allies."

VON HINDENBURG IN SUPREME COMMAND

Amsterdam, (Via London)—August 4.—The appointment of Field Marshal Von Hindenburg to the supreme command on the eastern front is hailed by the German papers as a masterful stroke.

The Hamburger Nachrichten says: "He is the right man in the right place. A desire long since cherished by our people but never directly expressed, is now fulfilled. In the present crisis in the eastern front the consolidation of the army groups was a necessary thing. All men of the eastern army will readily and ungrudgingly submit to Field Marshal Von Hindenburg's authority."

London, August 4.—A Vienna dispatch to the Exchange Telegraph company says: "The announcement that the German Field Marshal Von Hindenburg has been appointed supreme commander of the eastern front brought no joy in Austria-Hungary. Three Budapest papers were suppressed owing to adverse criticism of the appointment."

"It is stated here that the new commander in chief has already ordered the recall of a number of Austrian generals, who will be replaced by Germans. It is added that Austria, in need of the appointment, made the stipulation that Von Hindenburg should appoint a number of Austrian officers to his staff, but it is learned that only one such appointment will be made."

100 DROWN WHEN LINER IS SUNK

London, August 4.—The Italian mail steamer Letimbro has been sunk by a submarine and twenty eight survivors have arrived at Malta, says a Reuter despatch from that place. Two boat loads with survivors also have arrived at Syracuse.

The Letimbro carried a crew of 57 and her passengers numbered 113. It is believed that a large number of them lost their lives. The passengers included women and children. Survivors report that a submarine was observed at a distance of about 6,000 metres. It fired a warning shot and then gave chase, firing continuously for half an hour. It finally overtook the Letimbro, which had begun to lower boats.

"The submarine," adds the despatch, "continued bombardment, smashing five boats, the occupants of which perished. Some of the survivors say that many were killed by shell fire."

London, August 4.—The Italian steamship Citta Di Mesina, of 2,454 tons gross, has been sunk, according to an announcement made at Lloyds today.

Rome, August 4.—(Via Paris)—The loss of two Italian submarines is officially announced. The statement says that the undersea craft "left with others on a mission to the enemy coast a long time ago. As they have failed to return to their base, they are considered lost."

ASKING FOR CONFERENCE

(BULLETIN)

New York, August 4.—The ultimatum of the street car unions' heads calling for an answer before three o'clock today to their demands for recognition of the union has been met by an offer by the street railway heads to meet at four o'clock tomorrow afternoon the committee of employees which presented the demands.

Amsterdam, August 4.—(Via London)—A despatch to the Handle Blad from Berlin says Italy has given notice to Germany of the termination of the German-Italian commercial treaty of 1891, which would have expired at the end of 1917.

The Young Lady Across the Way

We asked the young lady across the way if she thought Mr. Hughes would be elected and she said she seemed to feel at personally but she didn't feel at all sure that the country was ready to go over to a free trade basis.

SITUATION FAVORABLE

Berlin, August 4.—(Via London)—The food situation in Germany is satisfactory according to an official statement dealing with the economic status of the nation. The statement compares the harvests of 1914 and 1915 and says: "The splendid organization of the distribution of bread and corn as well as the system of economical consumption and the storing of supplies enabled us to overcome the unfavorable economic year of 1915-16 without serious derangement of the life of our people. The present economic year promises to be even more satisfactory."

Rome, August 4.—(Via Paris)—The Italian government according to the Messaggero is about to publish a decree forbidding all Italians, including those living abroad, from doing business with nations in alliance with enemies of Italy.

OLD KENTUCKY PLEASES TASTE OF A. J. WHITE

Prominent Portsmouth Piano Dealer Gives Strong Tobacco Embrace

It takes a wonderfully good tobacco to stand the test for 50 years. That's what Old Kentucky has done, and its sweet, rich, distinctive flavor is just as popular to-day as it ever was. Read what A. J. White, well-known piano dealer, of 913 Seventh St., Portsmouth, O., says about it:

"For the past five years I have been using OLD KENTUCKY tobacco. I have always found it very satisfactory in every respect, and can recommend it to any chewer of tobacco."

The fragrant, hard-pressed plug retains every drop of the sweet juice of the leaf—tasty, delicious and satisfying.

Old Kentucky will give you a new idea of how delightful a chew of tobacco can be. Get a 10c plug from your dealer to-day and begin to enjoy it.

Fred Cook, of Missouri, is visiting his sister, Mrs. James Appel, of Lucasville.

Miss Lena Simpson, of Lucasville, is visiting friends and relatives at Portsmouth for a few days.

The members of the Frank Cantrell family, of Dry Run, who seemed to be strangely afflicted with some sort of poisoning, thought to be due to contaminated well water, continue slowly on the road to recovery. Cantrell's wife died recently from the same poisoning. No report has as yet been received from the state authorities on the sample of the water submitted to them for analysis.

Frank Swearingen, well known Pond Run farmer, who has been laid up with heart trouble and complications for some time past, continues in a very serious condition.

Rumpus Over Paving Contract Is Being Aired Before Judge

Mayor Tells Where He Told Kelley To Go

The injunction suit brought against the Board of Control and the S. Monroe & Sons Company by Edward and James Kelley and Jay Thompson, seeking to restrain the defendants from paying Linden avenue being heard before Judge Will P. Stephenson, West Union, in the local court of common pleas.

In the opening address before the court, Attorney Will J. Meyer, representing the plaintiffs, laid stress on the fact that Mayor Kaps, president of the board of control, has been a rival of Kelley Brothers for some time.

"The petition avers that the city of Portsmouth advertised for bids for the paving of Linden avenue and that the bids were duly opened June 29. The contract was then awarded to the S. Monroe & Sons Company. Kelley Brothers were the lowest bidders on the work. The case, according to counsel for the defense hinges upon the court's construction of the words: 'Lowest and best bidders.'"

In an answer filed Friday morning the defendants admit that the contract was awarded to the S. Monroe & Sons Company but deny all other allegations. They maintain that the contract was given to the 'lowest and best bidder,' adding that Kelley Bros. failed to name the brand of brick to be used while Monroe & Sons Company specified Portsmouth Block.

The plaintiffs are represented by Bannan and Bannan, Milner, Miller and Searl, Will J. Meyer and Judge George M. Osborn and the defense, Miller and Micklethwait and City Solicitor S. A. Skellon.

L. A. Zucker, city auditor, was the first witness called by the attorneys for the plaintiffs. He testified that certain records pertaining to the awarding of the contract on Linden avenue had been filed with him.

When Samuel Harper, city engineer, was asked what type of filler for paved streets was best, from his experience, counsel for the defense objected. Then Attorney Will J. Meyer, for the plaintiff, stated that the object of the question was to later show "that the contract was not awarded in good faith."

"Have you ever built streets with both cement and tar filler?" asked Attorney Meyer.

"I have built streets of both," replied Mr. Harper.

"Isn't it a fact that while you were city engineer of New Boston that all of the streets you paved got filler was used?"

"Yes sir. Grout filler was used."

"Do you consider it satisfactory?"

"Yes sir."

"Isn't it a fact that you are proud of those streets?"

"This question was objected to and the objections were sustained."

"Which would you say, from your experience, was the best, tar or grout?"

"Tar filler."

"Isn't it a fact that you recommended grout filler at New Boston?"

"I certainly did not recommend it. The only thing they asked me was which was the best, cement foundation or rolled foundation and I told them cement foundation."

On cross examination Attorney E. G. Miller asked the witness if it was not a fact that a street with grout filler could not be readily torn up for repair and the bricks used again. The engineer replied this was true.

Mayor On The Stand

After being qualified as a witness Mayor H. L. Kaps was asked what business he had been engaged in before becoming chief executive of the city. He said "the contracting business."

"Was it in your line to bid for work on city improvements?"

"Yes sir."

"Can you state whether there has ever been a contract awarded for paving where South Webster brick was used?"

"I submitted a contract once to the S. Monroe & Sons Company and South Webster brick was used."

"Do you consider South Webster brick equal to the specifications required by the city?"

"I believe they will pass the specifications. At that time there

three duplicates and filed them. The witness replied in the affirmative.

"Then in your opinion, you included the name of the brick used, in your bid?"

"Yes sir."

"There has been some South Webster brick used here I believe?"

"Yes sir."

"Do you know of any appreciable difference between the freight rates between South Webster and Hamden?"

"I do not think there is."

"Then Hamden brick could be used just as well as Portsmouth block?"

"Yes sir."

"You say you awarded the contract because the brick were specified and you knew that there was a large supply of brick at the Portsmouth plant? Did you know anything about the supply on hand at other plants?"

"I knew that a plant 5 or 6 miles from the city had some left-overs and I had a reason to believe that there would be some culls slipped in on the job. I don't want the city to have to fight like New Boston did to get what they wanted."

"Don't you know," said Attorney Meyer, "that those brick rejected by New Boston were sent to Prof. Orton, of the Ohio State University and he said that they were as good as any brick made?"

"I don't know anything about that."

"Now, Mr. Kaps, didn't Kelley Brothers and the Peebles Paving Brick Co. beat you out of a contract up at New Boston last year?"

"They got one."

"Did they get it unfairly?"

"I won't answer that."

"Did you not say that you would get even for that?"

"Not while I was in office."

"No sir, not while I was in office."

"Since the primaries, haven't you said that you would see that Kelley Brothers and the Peebles Brick Company would get no work if you could help it?"

"No, I can not recall that I ever said that."

"Have you ever had a conversation with Carl Schneider in which you said that you would see that Kelley Brothers got no more work?"

"I did not. I haven't said anything to him that I would not want repeated since I released him from our employ at Oak Hill. I seldom say anything to him."

"Haven't you told Bill Tipton since you have been in office that you would see that Kelley Bros. got no more work?"

"I have no recollections of it."

"Then so far as you know, Mr. Kaps, Kelley Brothers could have gone to Solotville and gotten their brick, couldn't they?"

"As far as I knew, yes."

"Shortly after the contract was awarded for the paving of Linden avenue there appeared an interview from you in this newspaper in which you explained your position in the matter, in which you said that the contract had been awarded to the S. Monroe & Son Company at their bid of \$70.45 higher than the bid of Kelley Brothers. And you called attention to the awarding of the contract for Armstrong Place. Did you give it to the newspaper?"

"I did."

"Who brought the Armstrong matter to the attention of the Board of Control?"

"I don't recollect."

"I will ask you, Mr. Kaps, if on the night of the election you were not standing in front of the Masonic Temple?"

"I could not say."

"Just to refresh your mind. Do you recollect Mr. Dan Conroy coming along and saying, 'Well, how about wire lug cut brick now, Mr. Kaps?'"

"I don't recollect. He might have said it."

"Isn't he a stockholder in the Portsmouth Paving Brick Co.?"

"He is, yes sir."

"Mr. Kaps have you any business relations with Gilbert Monroe?"

"Why no. I have not been any closer with him than any other contractor."

"Isn't he doing some work for you?"

"About a \$100 worth at New Boston."

"You and Gilbert Monroe are close friends?"

"Like a great many other people in Portsmouth."

"You and Kelley and Monroe ever had any differences?"

"Yes sir."

"You had a falling out with Kelley Brothers last fall over the New Boston contract didn't you?"

"I did not."

"You felt disappointed about losing the contract didn't you?"

"When you are out of work and lose a \$50,000 or \$60,000 job you would certainly be disappointed."

"Didn't you have words with Kelley in front of the court house not long ago about this matter?"

Told Kelley To Go To H—

"I will tell you the exact conditions of our troubles. On the day of the murder trial I was coming out Sixth street and Mr. Meyer was standing in Squire Finney's office. He called me and said that Jim wanted to see me. I stopped and Mr. Kelley pulled up beside the curb and stopped. Mr. Kelley began arguing about the awarding of the Linden avenue contract and I told him that he should appear before the board to see about that. I drove on and stopped in front of the court house and Kelley drove up and stopped and renewed his argument. I told him to go to h— publicly and officially and any other way he wanted to. I felt he was questioning my honor or I told him if he wanted anything else I would get down out of the automobile too."

"Didn't Service Director Calvert oppose the awarding of the contract?"

"I don't recall."

"Didn't he want to call Kelley back?"

"Possibly he did."

After a few questions relative to the petition the property owners living on Linden avenue had filed, in which the mayor claimed the Board of Control was unaware of the witness was allowed to leave the stand and Judge Stephenson adjourned court until 1:30 o'clock.

At press time the defense had rested, after taking the testimony of four witnesses and arguments were started by Judge John C. Milner, counsel for the plaintiffs. It is expected that the arguments will be completed late this afternoon and the case will be submitted to Judge Stephenson. The salient points of the afternoon testimony will be published Saturday.

FOREST FIRES UNDER CONTROL

Detroit, Michigan, August 4.—The efforts of hundreds of volunteer fire fighters, coupled with rain and a lull in the wind have brought about considerable improvement in the forest fire situation in Northern and Lower Michigan, according to latest advice received here. Although a few small places report the flames still menacing, it is believed the fire-fighters have gained sufficient control to assure the safety of all the towns and villages in the affected districts.

Estimates of the amount of damage done are at great variance, some placing it at as much as \$1,000,000. In the vicinity of Manassas, Antrim county, 26,000 acres already have been swept over, it is declared. Thus far no loss of life has been discovered.

"RUN YOU FARMS AS YOU WOULD RUN A FACTORY"

Only Way You Can Make Them Pay Says Expert; Fine Addresses Given At Big Picnic

The Field Day exercises held under the auspices of Pomona Grange at the Searl grove, near Wheelersburg, Thursday, were an unqualified success.

Fully five hundred farmers and local business men gathered at the grove in the afternoon to hear the program. After the program the athletic meeting under the management of Otto Zoellner and Louis Lang was started but later postponed on account of a threatening storm.

The prime object of the meeting was to inaugurate a spirit of co-operation between the farmer and the local business men; to give each a chance to become acquainted and to hear some of the vital problems pertaining to agricultural betterment discussed by experts.

"Good Roads" was the topic discussed in an interesting manner by Vallee Harold, postmaster of Portsmouth. Mr. Harold has been a prime promoter of the good roads movement in Scioto county for many years and through his efforts much has been accomplished in this line.

Some valuable data on "Team Work in the Community" was given by L. O. Lantis, extension department, Ohio State university. Dr. E. A. Schubert, industrial department Norfolk & Western railway, discussed "Town Development" and gave some interesting data upon the work accomplished by the co-operation of the railway.

Frank V. Knauss, president of the local Board of Trade, spoke briefly upon "Co-operation." He urged all farmers to become affiliated with the Board of Trade, with a view of assisting in bringing about better market facilities and other things of vital interest to farmers.

"Marketing Farm Products" was the subject discussed by J. Frank Pooshe, market agent for the chamber of commerce, Roanoke, Va. Mr. Pooshe enjoys the unique distinction of being the only man in the United States employed in a similar profession. He is conversant with the elements that comprise a successful marketing center and gave some interesting facts on the local conditions.

S. V. Selby, master of Pomona Grange, acted as chairman of the meeting and introduced the speakers. Between the addresses selections were given by the Aeolian Quartet. This was one of the features of the program.

All were impressed with the enthusiastic spirit displayed by those present, saying that it was one of the most interesting meetings of that character they had ever attended.

"What I shall have to say will not have to do with ancient history in the old world or the new, nor will it have to do with the

he was at first offered just as much so as if he had sold at less than its real value at the beginning.

"What he is offering is worth so much in terms of conditions and anything that helps him to get that value contributes to his prosperity. When it comes to fixing arbitrary prices that is not possible. But there is one thing I would have every farmer do for the sake of himself, for the sake of the dealer and for the sake of his neighbor, and that is subscribe to this pledge: 'I will not sell my produce till I have made every effort to determine its true market value.' The glory of the central market where all produce is offered is that it enables farmers and dealers to determine what this value is.

"I take very little stock in all this tommy-rot about the cutting out the middle man. It can not be done. I have very little sympathy with the farmer being down-trodden and brow-beaten by merchants and others. From my viewpoint these are not the big market problems with the farmers. What they need above all else is to give their whole time to putting what they raise in the best possible shape so that it will bring its full worth and not destroy any of its value in any way. Wall street hasn't a full monopoly on the bears. All the bearish influences of that financial center are not as damnable to the local market as the bearish tendency of the farmer who is caught napping in making a sale. The merchants and the hucksters would not dare to over-estimate the market to the same extent he does.

"Instead of farmers worrying so much about other business men they need to save themselves from one another. They can do by reducing waste through better grading, packing and handling, the only way in which it is possible to bridge the chasm between more to the producer at less to the consumer.

"This movement here today for getting the business men of Portsmouth and the farmers of Scioto county lined up together is a tremendous step in the direction of a greater prosperity to all. It is no longer a struggle between country and city for supremacy, but it is a working together on the part of both for the industrial development of all.

"There is no greater co-operation than farmers working together among themselves and at the same time joining forces with the people of the city in which they do business."

Team Work In The Community

"People are beginning to understand the importance of getting together in order to develop their community," said L. O. Lantis.

"There are problems to be solved which will be satisfactorily worked out if the residents of a particular locality will meet and discuss them. Each community must decide what it will undertake to do and then go to work."

"It is not necessary for more organizations to be formed but the thing that is needed now is to make more use of those in existence. If there is a farmers' club, a grange, or any organization that includes as its members a large number of the people in a certain neighborhood, it may begin this community improvement work."

"Meetings may be held once each month or oftener, if deemed advisable. Committees may be appointed to report to the club and then discussion will follow in most cases. It is very probable that several meetings will be necessary before a definite line of action will be formulated."

"The topics discussed should be interesting for men and women. A committee of women may investigate and report upon a subject that is particularly interesting to them. Also, there are topics that may be of interest equally to men and women and both may serve on the same committee and take part in the discussions. Women are as greatly interested in better schools as the men are and they will enter into discussions of this important question."

"The boys and girls may have a part in these meetings. They may supply songs or music or recitations. A short dialogue may be presented and the work the children do will always be enjoyed by the older people. In too many club meetings the music is neglected. Singing songs helps to get people together and every club meeting would be more interesting if at least, one or two songs were sung."

"These meetings may be held at the school house, grange hall, church, township hall, or at some of the members' homes. In some

communities a hall for such meetings has been provided.

"There should be an attempt made to get the people of the village or city in the community, to take part in these meetings. The aim is to bring about a better feeling between the people in the locality and so no one should be left out. The time has come for people in the towns to recognize how much they are dependent upon the farmers and the farmers must recognize the important part the town plays in the community."

"The extension department of the State Agricultural College is ready to give all the help it can to any organizations or clubs that are trying to do this community work. The most of the work, however, must be done by the club members and under local leadership."

Editor Vallee Harold, whose subject was "Good Roads," began by congratulating the promoters upon the gathering. Pomona Grange was at the head of it. Pomona grange an organization of farmers. The day of the individual was passing, the age of organization and association was at hand. Association was the wisest teacher and the most efficient force. It bred a healthy rivalry and it gave a common and wider experience. It rubbed off the rough places of the individual, it dissipated prejudices and bred the spirit of helpfulness and fellowship. This latter was particularly evident in the presence of many from town who had laid aside their work and their business to show their good will. Nothing was so foolish, so unprofitable as the prejudice between town and country. Each was inter-dependent upon the other for its best welfare and prosperity.

Nothing was so difficult to argue, the speaker proceeded, as a self-evident proposition. The congress of the United States has just appropriated something over \$87,000,000 to be divided among the states for building good roads, there was the National Highway Association, the State Good Roads Federation, innumerable statutes on road building, county road associations, board of trade committees, all having one object, good roads. At this very time this section is blocked from road connection with the outside world by the construction of a good road. All this made just one evident proposition that the best argument for good roads was roads, be they good or bad. Good roads had always been a benefit to the farmer, now they were a necessity and an essential. To his mind there was just one kind of permanent road, brick. It was objected to because of its cost. A thing was valuable, or expensive, not because of its first cost but its last. Because a brick road cost more to build was not conclusive that it was the most expensive, conditions might and in fact, within the experience of Scioto county, did make it far the cheapest. About nine years ago the first mile of brick road was laid in Scioto county from the north corporate line of Portsmouth along the Scioto Trail. It cost \$9,000. Two years later a macadam road costing \$6,000 was laid south from Lucasville along the same highway. In the nine years not a single dollar had been required for the repairing of the brick section, nor would there be material upkeep charge for nine years more. The years had seen the serious wear of the macadam road and it would cost thousands of dollars to put it back to its first condition. Two years ago, Portsmouth, which paid two-thirds of the taxes, had voted in favor of levying a two mill tax to build a brick road, carrying it over the county, which had voted against it. Soon that levy would expire and have to be voted again. Portsmouth would stand for it a second time and it was believed the county would too. "At least," said the speaker, "you who are getting the benefit of that levy will not be so selfish, so ungenerous as to deny, by your vote, a benefit to other sections now that you have your share." Briefly the explanation was made that it was not the plan

of the brick road advocates to lay a brick road along every man's farm, but to construct the five great lines of the county, about ninety miles in all, and then improve the roads of lesser importance and traffic with cinders and macadam.

The subject of "Town Development" was assigned to Dr. E. A. Schubert, traveling agent Agricultural and Industrial department N. & W. railway, but Mr. Schubert stated that the subject did not "fit the occasion," so he spoke along general lines helpful to the farmers.

He said on nearly all occasions the proper position of the boys and girls on the farm was ignored, the sons and daughters should be made consulting partners of the parents in social and economic problems, thereby early in life laying a substantial foundation for their future work, when they are called upon to take up the varied duties of life. To ignore a boy or girl is to wound sometimes permanently the budding forth of a promising man or woman.

It is by means of these agencies that we must build for the future a people on the farms to develop the business of farming along progressive and economic lines and at the same time send into the city such of our boys and girls as may be necessary to replenish the great demands made upon a strong and aggressive people who are developing our commerce, mines and factories.

Then again southwestern Ohio needs farmers, good farmers, to begin the proper development of the hundreds of thousands of acres of idle untitled acres, land that can be made to produce good crops and enhance in value and become an asset instead of a liability. Thousands of acres of these lands are offered at \$5 to \$15 per acre, whereas by proper handling they will be worth \$25 to \$75 per acre. This land will grow cattle, sheep and hogs, it is fine for fruit, corn, wheat, hay, alfalfa and all crops thrive, thousands of people in the nearby territory to consume the products, all that is necessary is to produce the quantity and quality.

He spoke of the N. & W. Farming Trains, the good they had done and promised to operate another in the future, the increasing resources of the farm offered

ACIDS IN THE SYSTEM

Acids accumulating in the system in excess, poison the blood and cause a great variety of diseases, affecting the skin and other mucous surfaces, the heart and arteries, brain and general nervous system, joints and muscles. Some of these diseases are Rheumatism in its many forms, Catarrh, Eczema, Itches, itching and burning of the skin, dizziness, mental depression and a variety of other ailments. You must eliminate the acid from your system and purify your blood before you can be rid of your trouble. S. S. Co. has been purifying and nourishing the blood for over half a century. VOTE FOR POMERENE

Progressive Democrats everywhere with one accord indorse the legislative program being carried out by the Wilson administration. It follows that to be consistent they should indorse the men who have worked and voted to make that program possible. No man in either branch of Congress has done more along this line than Ohio's Senator, Atlee Pomerene. Democrats who believe in the Income Tax, the Federal Reserve System, the Federal Trade Commission, the forward-looking legislation in the interests of the laboring and farming classes, the election of United States Senators by popular vote, the taking of the tariff out of politics through the creation of a permanent Tariff Commission and other similar legislation, owe it to the Senator to give him a vote of approval at the primaries next Tuesday. He has worked and voted for all these measures in the Senate, except the Tariff Commission, and he will vote for that when it comes before the Senate. He went on record for a Permanent Tariff Commission in his speech before the Ohio General Assembly when he was elected United States Senator, and later when a bill creating such a Commission came before the Senate under the Taft Administration he was one of two Democratic Senators to vote in the affirmative. A vote for Senator Pomerene next Tuesday will be a vote of confidence in the Wilson Administration. Every vote against him will be a vote against the Wilson Administration. Vote for Pomerene.

THE TIMES-STAR EXCITED

Down in Cincinnati the Times-Star is wonderfully displeased at Candidate Hughes because he has come out for a national amendment giving women the right of suffrage. It points out that the national convention refused to go this far, leaving the matter up to the states and scores Mr. Hughes for reading the amendment into the platform. The Times-Star points out that Ohio, New York, Pennsylvania and other large states have gone on record by decisive majorities against suffrage and says that it would be unfair to them to let sparsely settled states like Arizona, Utah, Wyoming and Colorado decide that they should allow women to vote. Of course the attitude of the Times-Star is understandable. Cincinnati is about the wettest town in the country and it is a fact not disputed that when women get the ballot, the saloon generally goes with national suffrage, national prohibition would be pretty sure to follow and that is what Cincinnati does not want, not by any means.

Incidentally Cincinnati's large German population, which has been proclaiming its intention to vote solidly against President Wilson because they did not like his diplomatic bout with the Kaiser, seems to be in the fix of the man who bought a pig in a poke. They may get Hughes but they will also get national suffrage and national prohibition with him, which would make the average Cincinnati feel about as chipper and happy as a man about to be hanged. We cannot find it in our heart to sympathize with the Times-Star and its constituents in their dilemma. Rather we are inclined to smile a wee bit.

Our young niece, who has just been to her first real, genuine church wedding, tells us that her big brother, who lighted the candles and marched around in a red gown at the head of the procession, was easily the most important personage at the wedding. She is a little hazy about the bride and groom, but she knows to a step every move made by brother and she dropped around also to see to it that he got proper and conspicuous mention in the paper.

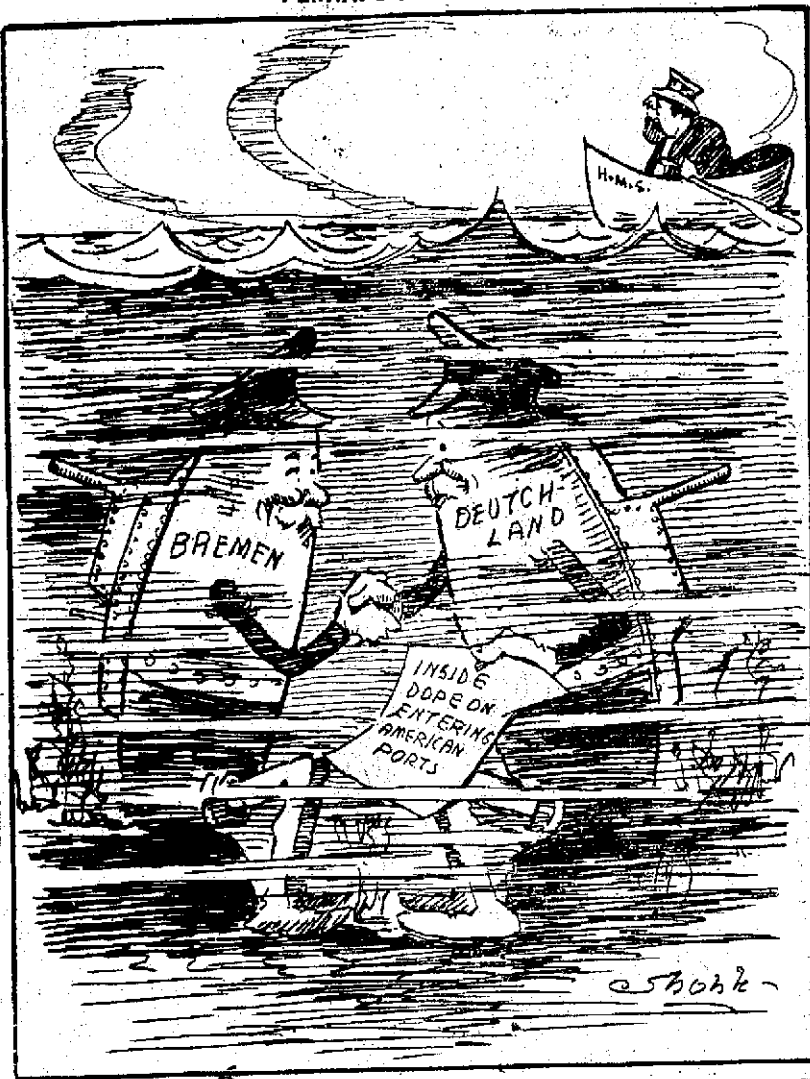

Another little thing that makes us sit up and take notice these August days is the astonishing manner in which the returned and re-saved Progressives have made themselves at home in the Republican camp and proceeded to take possession of the best seats at the table, while the regulars are waiting upon them. And, locally, they say that after they have cleaned up on Daugherty with Herrick, they will most likely kick the waiters clear out into the street.

One of our friends called us up Thursday and remarked in a meek and innocent sort of way that he had noticed in our edition of Wednesday that "Mr. Aaron Bobst had been bitten by a poisonous snake on his homeplace" and that being of a curious and observing turn of mind, as well as a student of physiology, he would like to be enlightened as to just what portion of a man's anatomy could be called the "homeplace." Our voracious snake reporter informs us that Mr. Bobst was bitten on the calf and following the well known deductive process of reasoning we would judge that the calf of a man's leg would therefore be called the "homeplace." This is surprising to us as it must be to our friend as we would naturally suppose that the "homeplace" would refer to some other portion of anatomy.

Just because we want to know, you know, we would like to inquire as to what date in the future the paving on Munn's Run is likely to be finished. This paving was started last year quite early and it is still dragging along at a rate that indicates it may be done by Christmas.

PERHAPS ERE THIS

STICK A PIN HERE

A certain class of people have been charging the administration with discrimination and un-neutrality between the European belligerents, because it permitted the sale of munitions of war by citizens and American firms; when only one side, having the control of the seas, could openly carry them to points of consumption. They would not heed the fact that for the United States to close her markets, under such conditions, would be un-neutral, because it would be withdrawing an international right and privilege all are equally entitled to an effort, by so doing, to equalize the contest by withdrawing from one side the advantage it had over the other, a practical interference. Neither are they mindful that indirectly millions of dollars worth of supplies that enter actively into the operation of war are finding their way to all the fighting nations. Nevertheless, it is timely to call attention to the fact that the undersea merchant, Deutschland, which has just sailed from Baltimore carries a cargo contraband of war, nickel and rubber principally, supplies that the Central Powers stand in stressful need of. Vigorous protests have been made to the administration that the Deutschland is herself a vessel of war and that she is evading a blockade by methods that are purely naval and war-like, but these have been waived aside and she was permitted to sail at the discretion of her commander without any other requirements than are exacted of every merchant ship. And against her sailing and her cargo there were no protests from those who have been so vehement in claim that the government should not permit citizens and manufacturers to freely dispose of their output to whomsoever would and could buy.

We are watching with great anxiety the efforts of a friend, who is also fat, fair and forty, to reduce in weight. Candy and all other sweet things are on the taboo and there is a diet that ought to make a person as thin as a fence rail, that is, if there is anything in dieting. We can't tell who it is for the information came to us in strictest confidence and up until we "got wise" only three others knew anything about the experiment.

Still another little way in which Colonel Sibley could escape the joys of the "Good Old Summer Time" and keep in touch with his beloved winter would be to get up an expedition and go up North to see if Doc Cook really did discover the North Pole.

BASEBALL AND WAR

You plan for a week and finally slip off and make it to a ball game, congratulating yourself that you are a captain of industry to have your day off so well in hand as to have your own time when you wish it, and you find ten thousand other people there, too. "Night watchmen," you think. The greatest wonder about a ball game is, how do so many people get away in the daytime?

Well, there is only one conclusion, and that is that strategy, after all, is not dead among us. There is a great National hope in baseball. When everyone is talking unpreparedness, let us not forget that for years and years we have, as a nation, been cultivating a slick mind, scheming to get off to ball games in the afternoon. From office boys up to general managers we have been inventing dead grandmothers and other pretexts. This accumulated mental acuteness would not be lost in a war, or in a threatened war. After all, it is better to have brains than powder to blow out other people's brains.

If we ever lick another nation, we shall have to lick it with our Americanism, probably with our baseballism, with an adopted mode of warfare, foreign to our natures. It is probably a very important part of our preparedness that we don't much want to fight. That may make us pretty fierce if we ever get sufficient shot with spirit. Maybe the mechanism of a nation's preparedness would do as much as anything to defeat it. But we must not wax highbrow.

And at all games we have had our own little practice with hand grenades, the same being pop bottles, and we have trained our own armies of peanuts and ice-cream cones, and could live on either for months at a time. And there has been almost military precision about the way we have learned to rise as a man and stretch in the seventh.

And while the motion picture business was writhing in agony at her feet, Miss Held rolled zem eyes, picked up Ting des Tourneles, her \$1,000 Pekinese dog, hopped in her new \$8,000 auto and shot up the street—just like that.

A visitor to New York has discovered that people don't talk on the streets here, they shout. It is true, and before the visitor got away he was doing the same thing.

Molly Makes Bread

MOLLY CAREFULLY PUT all the silver dough had grown so big that it had on the table, laid every knife and fork and spoon in its right place and then put plates and glasses and napkins and peppers and salts on the table and stepped out to the kitchen, to tell her mother that everything was ready for dinner.

"And so is my little helper," said Mother, stopping to kiss her little girl. "I know you are hungry, dear, and you'll not have to wait more than two minutes more."

Molly didn't reply, as she usually did, she just stood there by the table and thoughtfully watched her mother cut the bread and take the hot dinner from the oven.

"Penny for your thoughts," said Mother as she glanced at her little girl's face. "You look as though you were wanting something."

"I am," said Molly. "I'm wanting to do something besides just help. I want to really cook something, not just eat the table and work like that."

"Very well," said Mother, who, by the way, was a very understanding mother. "You shall make the bread to-night."

"Really, Mother?" exclaimed Molly happily. "Really, truly?"

"Really, truly," said Mother. "And you'll be proud to see how good it will be!"

When the dinner had been eaten and all the dishes washed and put away the bread-making began. Molly sifted the flour, measured the "puta-to water," the salt and the land, set the yeast to dissolve and got out the bread mixer. Then Mother showed her just how to put in the flour and the other ingredients and how to grind the mixer till all was a nice, smooth mass of dough.

"And now that's all till morning," said Mother, and they covered the mixer up and Molly went to bed. Bright and early the next morning Molly leaped out of bed, put on her slippers and ran down to look at her bread. And what do you suppose she found had happened? The bread

Then Mother showed her just how to put in the flour

"Do come quickly! The bread's all spoiled, and it's running away!" Mother laughed and then said, "Don't worry about that. Molly, it's doing just the right thing. You dress and turn that mixer for ten minutes. Don't try to take the cover off—just turn the mixer."

Molly did as she was told, and when Mother came into the kitchen at the end of the ten minutes she took off the cover and showed Molly a nice, smooth roll of dough that was all ready to be put into the pans for a second rising! Molly thinks bread-making is jolly fun, and she means to make some every week till school begins again.

NEW-YORK-DAY-BY-DAY

O-O-MEINTYRE.

New York, August 4.—Some person with a fast automobile, no scruples and a vivid imagination was arrested in Norfolk, Conn., last week charged with going faster than anything else in Norfolk. The policeman who flashed his glittering star and made the arrest became embarrassed when the thin, snappy, speedy stranger, with a sneer curling his red and untruthful lips, asked:

"Do you know that you have arrested Mayor Mitchell, of New York?"

Gulping at least three times and pinning one foot upon its terrible mate, the policeman declared that he just wanted to warn the speeder and that it was not in reality an arrest at all. With three humps and a stream of smoke, the deceitful demon "tumbled" on the gas and shot right away from there.

When Mayor Mitchell arrived at the City Hall the reporters inquired what he thought of the speedy life in Norfolk and the mayor's reply showed that the honest police of Norfolk had been fooled for the several millionth time.

A Beauty Hint
 A mother once sent this some what satirical note to the teacher of her small son:
 "Pardon me for calling you attention to the fact that you have pulled Johnnie's right ear until it is getting longer than the other. Please pull his left ear for a while, and oblige his mother."—Tit-Bits.

To Eat One's Boots.
 The expression "to eat one's boots" has foundation in fact.
 Don Carlos, the son of Philip II. of Spain, once punished his shoemaker for forcing him to eat a pair of ill fitting boots the unfortunate man had made for his royal patron.
 History does not mention whether the shoemaker ever made another pair.

NEW YORK STOCKS

New York, Aug. 4.—No significance attached to today's stagnant market aside from further pressure against the more vulnerable specialties.

No definite tendency was manifested at the opening of today's market, but secondary quotations were mainly in the direction of improvement. Shipping issues led the advance with further recovery in motors and accessories. Effortment was also shown by some of the metals and war shares and fertilizers were again in demand, American Agricultural Chemical featuring that group with a gain of 2 points.

Rails were featureless aside from a fractional rise in New York Central and 3 points for So. U. S. Steel was steady on moderate offerings. Much of the early firmness was due to the strength of Union Pacific and Reading both gaining substantial fractions but retaining weakness was shown by sugars, which were persistently pressed for sale. Motor issues also yielded, but showed renewed strength later, recovering under further advance in shipping shares. Dealings in general were more narrow than yesterday, approach of the week-end being indicated in the small attendance of traders on the exchange and commission house reported a lack of public interest at out of town centers. Bonds were irregular.

Trading was almost motionless in the final hour, sugars, however, rallying on short coverings, while motors continued to weaken. The closing was irregular.

keep my hubby from spoiling or souring, if possible. Any information or recipes you have on the subject will be greatly appreciated by a BRIDE-ELECT.

In the first place, be careful in your selection; do not choose too young, and take only such as have been reared in a good, moral atmosphere. Some wives insist on keeping their husbands in a pickle, while others keep them in hot water. This only makes them sour, hard and sometimes bitter. Even poor varieties may be made sweet, tender and good by garnishing them with patience, well sweetened with smiles and flavored with kisses to taste; then wrap them in a mantle of charity, keep warm (cool) with a steady fire of domestic devotion and serve with peaches and cream. When thus prepared they will keep as long as they live.

Dear Miss Wise—Can warts be taken off with an electric needle, and if so. Please tell me who has one, and how much it would cost?

A READER: Rub castor oil on your wart and it will soon disappear. Take my advice and do not "monkey" with a wart or it is liable to develop into a cancer, or something worse than a mere wart.

Miss Dolly Wise—As you have helped so many women, will you kindly print the following and please tell me who put the piece in The Times the other evening about being sorry for a poor woman with five children wading through slush and mud to get on a street car. I want to know if there is any sympathy for a poor woman with five children, who stood at the cemetery gate 20 minutes waiting on a car and then stood on the corner of Third and Chillicothe streets for one-half hour waiting on another car, in the broiling hot sun, with the thermometer up to 97? Thanking you, I am, CONSCIENCE.

Dear Dolly—I have just got a lot of machine oil on a white linen skirt. Is there any effective way that I can follow to remove it?

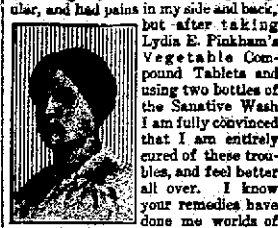

BESS: Oil is easily removed while fresh with cold water and white soap. Rinse thoroughly.

Dear Dolly—Will you kindly tell me what is a good diet for one afflicted with liver trouble? Also what will remove liver spots? I always look for your answers. MISS T. M. Eat as little meat, fat and sugar as possible. If you eat meat, the white kinds, such as chicken, will be better than red meat, such as beef. Eat mainly vegetables, cereals and fruits, and drink lots of water. The

PAINS IN SIDE AND BACK

How Mrs. Kelly Suffered and How She was Cured.

Burlington, Wis.—"I was very irregular, and had pains in my side and back, but after taking

Lydia E. Pinkham's Vegetable Compound Tablets and using two bottles of the Sanative Wash I am fully convinced that I am entirely cured of these troubles, and feel better all over. I know your remedies have done me worlds of good and I hope every suffering woman will give them a trial."—Mrs. ANNA KELLY, 710 Chestnut Street, Burlington, Wis.

The many convincing testimonials constantly published in the newspapers ought to be proof enough to women who suffer from those distressing ills peculiar to their sex that Lydia E. Pinkham's Vegetable Compound is the medicine they need.

This good old foot and herb remedy has proved unequalled for these dreadful ills; it contains what is needed to restore woman's health and strength.

If there is any peculiarity in your case requiring special advice, write the Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for free advice.

Liver spots will disappear when the cause is removed.

Friskie and Cutie—You are both too young to go with the boys. Yes, I imagine you are quite pretty.

Surprise Party Yelled When They Feared Gun Was Coming Into Play

A near-gun play unexpectedly brought to a climax a surprise party the good young wife of Harry Johnson, popular police clerk, arranged in honor of his 28th birthday anniversary Thursday evening.

Johnson felt indisposed Thursday and threatened to lay off from duty about the middle of the afternoon.

Fearful that if he returned home he would discover her plans Mrs. Johnson set to work planning how to keep him at his post of duty. She called up and consulted Sergeant John Smith. He agreed to assist her and this is how it was done. John simply absented himself from headquarters for the balance of the afternoon, and as Chief Henry Clark was also engaged away from the office, it was up to Johnson to remain. He had to stretch out upon some chairs in the chief's office for a time, however, leaving the desk in charge of Turnkey Joe

Stokley. Some time later an invitation came over the telephone for him to eat supper at the home of his wife's parents, Mr. and Mrs. Harrison Price, of Center street. He wondered somewhat about the invitation, but did not suspect anything. Much to the discomfort of his wife he first went home for a change of clothes, she utting to his elbows all the while he was hunting for his clothes, for in one closet she had concealed a freezer of ice cream and a Virola in another. Supper over at the Price home Johnson's wife suggested that they go home for a little ice cream. He was averse to going so soon but finally agreed. Arriving at his home, No. 1319 Spring street, he was amazed to find Mr. Price and Floyd Munn seated on the upstairs veranda. He wondered how they got there for he had just shortly before locked every door. They told him they had climbed up from the porch below. He laid

down his flash light and prepared to turn on the gas, and then find out just how the two got upstairs, when he noticed his green frog lantern winking at him from the adjoining room. He reached for his flashlight. Then a shout went up from the crowd concealed in the darkened room, for some feared Johnson actually was reaching for his gun to shoot. It developed though that Mrs. Munn had feared just such a happening, and unnoticed by Johnson had taken his pistol from the table where he had laid it upon entering his home.

Johnson was the most surprised man imaginable when he found himself surrounded by the following friends and relatives:

Mayor H. H. Kaps, Police Chief Henry Clark, Sergeant John Smith, Patrolman Pete Price, Mr. and Mrs. Floyd Munn, Mr. and Mrs. Harrison Price, Clyde Virgin, Clyde McDaniel, Charles Luckard, Howard and Harry Davis, David Tipton, Ora and Will Price, Annette Carter and Misses Marie Price, Sarah Tipton and Lizzie Dietz.

The guests spent a most enjoyable evening and ice cream, cake, fruit and other refreshments were served.

Massie Is Busy

At a largely attended meeting of Massie K. of P. lodge Thursday evening the second degree or esquire rank was conferred on Hiram Davis and the third degree on knight rank on three candidates, Leslie E. Taylor, Edward Bender and Hiram Davis. Light refreshments were served at the close of the business session. The matter of appointing a committee to make arrangements for the lodge's part in the Korn Karnival will be disposed of at the next meeting.

Wm. Kiff Manager

William Kiff formerly of the Salvage store has taken a position as manager of William Carter's third store recently opened in the Biggs House, Third and Market streets.

BIG TIMBER DEAL ALONG W. VA. BORDER

Gallipolis, O., August 4.—The largest land deal in the history of the border section of West Virginia has just been concluded, 12,000 acres of timber being purchased by Captain Clinton Crane, of Cincinnati, from the Pong Fork Coal and Land Company, of Boone and Raleigh counties, for \$395,000. The timber will be cut and shipped to market as rapidly as possible.

FAIRBANKS TO CAMPAIGN

New York, August 4.—The Republican national convention leaders announced today that Charles W. Fairbanks, of Indiana, vice presidential nominee of the Republican ticket, will make a campaign tour of the country similar to that now planned for Charles E. Hughes. It was said at the headquarters that Mr. Fairbanks will follow Mr. Hughes over virtually the same ground later in the campaign.

Royal Neighbors Change

At the semi-monthly session of the Royal Neighbors Thursday evening the members decided to change their meeting place. Instead of meeting in the Horne building Gallia and Gay streets, the lodge will meet in the Brady Block, Robinson and Clay streets. The first meeting in the new hall will be on Thursday, August 17th. Korn Karnival matters will be taken up at the next session.

Enjoyed Lecture

Despite the rain storm a fairly good number enjoyed the interesting lecture given at Manly church Thursday evening by Rev. George L. Davis, returned missionary from China, who made a splendid talk on: "Chinese Customs and Characteristics." The lecture was given under the auspices of the Epworth League of Manly

church. Over 300 tickets were sold for the entertainment and a neat sum was realized which will go to furthering the mission cause in China.

A. I. U. Initiate

At the regular session of the A. I. U. Thursday evening one new member, Mrs. Clarence Coryell was initiated. The matter of taking part in the Korn Karnival fraternal parade was laid on the table until the next meeting, when an effort will be made to have a large number of members present.

Germany Expects British To Land On Flemish Coast For Invasion; Are Prepared

Amsterdam, Netherlands, Aug. 4.—Now that the Entente Allies have taken the offensive on all fronts, the Germans are more than ever reckoning with the possibility of an attempt to land the British troops on the Flemish coast, according to a frontier correspondent of the Amsterdam Telegraph. The marine corps has been reinforced, while a whole army of military workmen has been seen at the port of Zeebrugge. Recently an alarm was suddenly sounded at 10:30 at night and the garrison there hurried to their posts. It turned out that no attack threatened, but the whole affair was a rehearsal of the operations for repelling a landing. The coastal guns suddenly belched forth, while the rattle of mitrailleuses could be heard at Flushing. The entire manœuvre lasted about half an hour.

Seventh Senatorial District

FOR CONGRESS

Ex-Senator W. F. Roudabush, of Batavia, Clermont county, will be a candidate for the Democratic nomination for Congress from the Sixth Congressional District, subject to the decision of voters at the primary August 8th. The support of Scioto county Democrats is respectfully solicited.

30-11

FOR PROBATE JUDGE

To the Republicans of Scioto County:

I am a candidate for the nomination of Probate Judge subject to the will and desire of the Republican electors at the primary to be held on August 8, 1916. If nominated and elected I will serve all the people all the time with fairness and honesty of purpose. I believe I am fully qualified to fill the office. If honored by the Republican party to the elevation of Probate Judge I hereby pledge myself that I will not seek a nomination for the third term. I believe all good things should be passed around.

NATE B. GILLILAND, adv

I desire to announce that I am a candidate for probate judge, subject to the decision of the Republican primaries. If nominated and elected I will devote all of my time to the duties of the office, impartially, and for the interests of every person in Scioto county. Your support will be highly appreciated.

Republican candidate for county treasurer. Your support solicited. (Political Adv.)

For County Commissioner

I am a candidate for the Democratic nomination as county commissioner, subject to the will of the voters at the primary, August 8. During my previous service in this office I tried to do my duty and to see that the taxpayers got full value for their money. I would appreciate the support of my Democratic friends throughout the county.

DANIEL EGBERT.

For County Commissioner

I am a candidate for county commissioner, subject to the Democratic primary next Tuesday, August 8. I would appreciate the support of the voters and if nominated and elected I will do my best to give honest service to the people. The East Side now has no representation on the board of commissioners and Democrats feel that this important section is entitled to at least one member. Your support will be appreciated.

separated into two parties, one going to the eastward toward Thiamont work and the second pushing northward toward Vacherauville and Feppur Hill.

Last week the first party stormed a redoubt west of Thiamont and after a stiff fight went beyond that position. The second party reached the little wood of Vacherauville.

The whole section from Vacherauville to the approaches of Souville thus were in the hands of the French and the higher command judged the time ripe to attack from all sides at once.

GERMANS OFFER DESPERATE RESISTANCE

Attacked from the northwest and the southeast, the Germans in Fleury offered desperate resistance but the French bayonets finally prevailed. Some Germans managed to escape to the Vaux Le Capitre wood but a majority was taken prisoners.

To sum up, the French, in their last three days offensive, regained all the ground that the Germans had taken several weeks to conquer. They took all the positions for a depth of about a mile from the slopes of the Souville Fort to the approaches of Hill 320 as well as in the woods east of Vacherauville and in the Vignes ravine which borders to the west of Froide de Terre Hill. The French also installed themselves in positions southwest, south and southeast of the famous Thiamont woods.

The French official statements issued last night announcing the capture of Fleury by the French troops and recording other operations of the day along the western front says:

"On the right bank of the Meuse our infantry, continuing their offensive action on the Thiamont-Fleury front, captured during the day by a series of successive attacks all the trenches comprised between those two points as far as a point southeast of Thiamont work and in the vicinity of Hill 320.

"The village of Fleury was attacked simultaneously on the northwest and on the southeast and was occupied by our troops after a brilliant action. The number of prisoners taken in the course of this action and so far counted exceeds 650. This brings up to 1,750 the total number of un wounded prisoners taken by us on the right bank of the Meuse since August 1."

ADMIT GERMANS RETAKE PART OF VILLAGE

The official statement this afternoon admitting that the Germans have recaptured a portion of Fleury, tells of violent fighting in the Fleury region and adds:

"The Germans multiplied the number of counter-attacks upon this village. Each was succeeded by an intense preparatory artillery fire. After several fruitless endeavors the Germans secured a footing in the southern part of Fleury where very spirited fighting is still going on. All efforts made to dislodge us from the position to the southeast of this village were checked by the resistance of our troops.

BRITISH GAIN WEST OF POZIERES

London, Aug. 4.—Minor operations last night by the British on the Somme front resulted in the gain for them of some ground west of Pozieres, the war office announced today.

Russians Only 19 Miles From Kovel

Petrograd, August 4.—(Via London).—Russian troops have captured the village of Rudka-Mirynskai on the river, Stovok, a left tributary of the Stokhod, it was officially announced today by the Russian war department. Rudka-Mirynskai is 19 miles east of Kovel.

German Region Lost Ground

Berlin, August 4.—(Via London).—Austrian-German troops have regained all the territory which they had lost in the region of Rudka-Mirynskai to the east of Kovel, according to the German official statement issued today.

Air Raid By Italian Forces

Berlin, August 4.—(Wireless to Sayville).—An Italian air raid on Istria by a squadron of fourteen machines on August 1, is reported today by the Austrian-Hungarian admiralty. One machine was shot down by an Austrian aviator from a height of 2700 metres. The pilot was killed and the two observers taken prisoner.

last, has seen fit to appoint at once a commission of three persons constituted by Licenciado Luis Cabrera, Engineer Ignacio Bonillas, and Engineer Alberto J. Pani, to whom instructions have been given to devote their attention preferably to the resolution of the points mentioned in the previous note of this department.

"Licenciado Eliseo Arredondo has been authorized to treat with the department of state the matter of details relating to the place and date in which the commissioners of the Mexican government should meet the commissioners of the government of the United States in order to commence their labors.

"I reiterate to your excellency the assurance of my highest consideration.

"C. Aguilar, Secretary of foreign relations."

"I avail myself of this new occasion to renew to your excellency the assurance of my highest consideration."

"E. Arredondo."

Mexico City, August 4.—The departure from Mexico City for the United States of Luis Cabrera and Alberto Pani who with Yencio Bonillas have been selected to reach a settlement with the United States commissioners of the questions at issue between the two countries, will not be long delayed, according to the general belief here.

Undecided About "Near Stop"

Councilman William Cramer who introduced in council the street car stopping ordinance which was defeated Wednesday night when asked Friday if he expected to bring up the same again declared he had nothing to say. Mr. Cramer is said to have declared such an intention immediately after the close of Wednesday night's session.

Engages Attorney

Attorney A. T. Holcomb, Jr., has been retained by O. Daugherty to defend him against the charge of disorderly conduct preferred by Arthur Jewett. The two men had some trouble about the unloading of hay in a barn at the rear of the premises occupied by Daugherty on North Chillicothe street. The hearing will take place in the mayor's court this evening.

Chased a Bat

John Redeppening had considerable fun chasing a bat at his merchant tailoring store on Gallia street Thursday morning. The bat entered through an open transom and began flying about the room with John hot on its trail. Like a Zeppelin after a British aeroplane. The bat made a real aeroplane dive for its shot straight into the open end of an envelope containing John's gas bill and which was attached to a file lock. John folded the envelope in an instant and later turned his "prisoner" over to a passing boy.

NOTICE TO THE PUBLIC

The Board of Revision has completed its revision of tax statements and returns for the current year, as made by the assessors of the various townships, incorporated villages and wards of the city, within the county of Scioto and State of Ohio.

These books with their revised and completed valuations, are now open for inspection in the office of the county auditor, and complaints against any valuation or assessment, except the valuations fixed and assessments made by the tax commission of Ohio, will be heard by the County Board of Revision at their office in the Court House.

Complaints may be filed with the county auditor before the meeting of the Board of Revision on Monday, August 7th, 1916, or within 30 days thereafter if the board remains in session so long.

TO LIVE LONG

A recipe given by a famous physician for long life was: "Keep the kidneys good. Try to eliminate first the sign and later the poison that otherwise clog the kidneys. Avoid eating meat as much as possible; avoid too much salt, alcohol, tea. Try a milk and vegetable diet. Drink plenty of water, and exercise so you sweat the skin helps to eliminate the toxic poisons and uric acid."

For those past middle life, for those easily recognized symptoms of inflammation, as backache, swelling "water" or if uric acid in the blood has caused rheumatism, "trusty" joints, stiffness, get "Resinol" at the drug store. This is a wonderful stimulant of uric acid and was discovered by Dr. Pierce of Invalids' Hotel, Buffalo, N. Y. If your druggist does not keep it send 10 cents to Dr. Pierce for trial package and you will know that it is thirty-seven times more potent than lithia and that it dissolves uric acid as hot water dissolves sugar.

Resinol Soap

a friend to tender skins

Many ill-made toilet soaps contain free alkali, a harsh chemical which tends to dry and injure the skin or hair. Resinol Soap contains absolutely no free alkali, and it is added the soothing, healing Resinol medication, which doctors have used for over 20 years in treating skin troubles. Thus it comforts tender skins, and helps to keep the complexion clear and free from dandruff. Sold at all druggists' and toilet counters.

Next Sunday Is \$15 Pledge Day At Holy Redeemer Church

Next Sunday is pledge-day at Holy Redeemer church, when every member, including heads of families, young men and women and graduates of Holy Redeemer school, will have an opportunity to place themselves on record with other generous benefactors, who are working hard to raise a six thousand dollar school fund. The purpose of this fund is to complete the new school for educational and social uses of the parishioners. Already about a hundred generous members, by mail and messengers, have pledged themselves directly to the pastor. Every member of the congregation is sorely impressed with the crying need of the new school for the safety, comfort and convenience of the school children, and a social center for the benefit of all, especially for the young men and women of the parish. The generous and self-sacrificing parishioners having successfully aided on the new church debt, and having purchased an elegant, commodious and comfortable sisters' home. Fully realize the present crying need of the new school, now in course of building, to complete the centralization of the whole church plant. This arrangement will do away with a set of almost intolerable conditions which for many years worked great hardship upon the pastor, school teachers and children, parents and young folks. The

generous parishioners have practically built up and paid for a new church plant, located in a beautiful part of the city, and which will afford the good people of Holy Redeemer church, especially the school children, precious favors of church service every day throughout the year. The necessity and advantages of daily mass, of convenient access to church and school, and splendid conditions of new school, the many advantages of a parish social center for old and young people, have united the good people of Holy Redeemer parish into one determined, earnest purpose and movement to raise six thousand dollars to complete the new school, which shall be a beautiful capping-stone for this great work of a building up of an entire new parish, and another fine monument to commemorate the faith and liberality of Holy Redeemer church benefactors. The pastor and congregation have selected next Sunday as general pledge day, in order that all members who have not as yet pledged themselves may place themselves on record with those who have generously done so, and that all members may begin at once, on the same date, to redeem their pledges by payments within the specified period of twenty-five weeks. It is important, therefore, that all members pledge themselves Sunday, even if

payments are to be made later. This arrangement will enable the pastor and church wardens, once reliably knowing the extent of financial resources, to intelligently go ahead with letting contracts for school furniture and other materials to the benefit of the church members. In order to avoid unnecessary delay or inconvenience to both benefactors and pledge-collectors, it is desirable that members send direct to the pastor by mail or messenger their pledges on Friday and Saturday. Payments to be made Sunday, or later, at the convenience of the subscriber. On Sunday, before and after the masses, Messrs. John C. McMahon, Thomas O'Keefe, Daniel Collins and Arthur Gorkach, who have been appointed collectors by the pastor, will kindly wait upon the members. The pledge of each name and payments on the same will be carefully recorded for the benefit of the winner of the automobile, or watch, and a happy memory of the generous benefactor. Excursion Was Success The steamer Peerless was crowded Thursday evening by colored people who attended the Lewis Brass Band boat ride. The band cleared a neat sum on the excursion. The boat went above Sciotoville. The band furnished the music.

KNOCKS HAY FEVER CLEARS THE HEAD STOPS CATARRH

Here is a treatment for Hay Fever, Roso Cold and Catarrhal troubles that all should investigate. It is known as NOSTRIOLA BALM, has been used by hundreds in this locality and all druggists now have it for their customers.

NOSTRIOLA is a pleasant, antiseptic, soothing balm, quickly opens the head, cures the sore, inflamed linings of the air passages and when used in time will usually prevent an attack of Hay Fever or Roso Cold.

Get a small tube of NOSTRIOLA of your druggist to try and you will certainly wish you had tried it sooner. Capt. Roush Resigns. Capt. Thomas Roush, who returned home to his family in this city, Thursday evening, confirmed reports from Ironton that he had resigned as captain of the Bay Line packet Greyhound. Capt. Roush said he had been running on the Greyhound between Portsmouth and Huntington as pilot and captain for the past fifteen years and that he had simply decided to resign. Asked if he expected to retire from the river he said he had nothing to announce concerning his future plans.

Many out-of-town Maccabees are expected to arrive in the city tonight, so as to be here early Saturday, when the first annual outing and basket picnic will be held by the Knights of Maccabees and Women's Benefit Association of the Maccabees, at Millbrook park. The outing is for the Maccabees of Southern Ohio and Northern Kentucky, Maccabees, their families and friends are invited.

From 9:30 till 12 o'clock the visitors will be received and registered. Baskets will be checked free at the Casino. Music will be furnished by the Portsmouth band. A splendid program will be given at the Casino in the afternoon; Besides the musical numbers and recitations, there will be speaking by Edward L. Young, Great Commander, of Newark, O., Rev. P. E. Wright, Asheville, O., Mrs. Nellie C. Hopper, Great Commander, Akron, O., and Mrs. Myra Davidson, Great commander, of Nelsonville, O. Mayor H. H. Kaps will deliver the address of welcome.

At 2:30 a fast ball game will be staged on the Millbrook diamond by the Midgets and Shamrocks. There will be athletic games, contests and races for the boys, foot race for the girls, bun eating contest, needle-threading contest for men and women, and all kinds of amusements to make a day of pleasure and one that will long be remembered.

After supper, from six till seven o'clock, there will be a drill by the Uniform Rank and Ladies' Guards. Following the band concert at the Casino, a four-act rural drama, "The Brookdale Farm," will be given by local talent. The trotting ostrich, secured at an extra expense, will form the center of free amusement.

Kilbane Draws Color Line

JOHNNY KILBANE

New York, Aug. 4.—Johnny Kilbane, holder of the featherweight title, is the latest champion to draw the color line. Jimmy Dunn, his manager, has made this announcement to Lew Raymond, matchmaker of the Madison Sporting club, who has offered Kilbane a guarantee of \$1,500 to box Lee Johnson, the colored lightweight, a ten-round bout in two weeks.

Dunn further stated that Kilbane would meet any good white lightweight that Raymond secured for him the third week in September.

Stallings Suspended

Boston, Aug. 4.—George T. Stallings, manager of the Boston Nationals, today received notification of his suspension for three days by President Tanager Evans, for words addressed to Umpire Higley. After yesterday's game, Stallings quit the bench during the first game of today's double header with Cincinnati, Fred Mitchell succeeding him in charge.

EVERS DISGUSTED WITH HIS BERTH

Boston, Aug. 4.—After a quarrel in which Captain Evers and Red Smith, of the Boston Nationals figured yesterday, Evers announced he was "disgusted" with the way things were going and that if he could obtain an unconditional release he was "about ready to quit the Braves."

"If I say anything I get in bad and if I don't say anything I get in bad," said Evers. "So what is there to do."

The Braves captain was ordered off the field by Umpire Byron in the third inning of the second game with Cincinnati for alleged wrangling with Smith in the Boston dugout.

Wolff Store Will Be Enlarged; Business Is Growing Steadily

Phil Wolff, of the Wolff men's furnishings store on Chillicothe street, announced Thursday that arrangements had been made for the enlarging of his store, the growing business demanding larger quarters. The size of the present room will be doubled when all improvements are completed.

The additional room will be in the rear of the present store. The rear part of the R. P. Seiler music store room on Fourth street, which runs back of the Wolff store, will be taken over by Mr. Wolff.

Work on the change will be started soon, as Mr. Wolff expects to have the store in splendid shape for Korn

Karnival week. The additional room will be forty-five feet deep and as wide as the present store.

Mr. Wolff has been in business here for four years and by his fair method in dealing with all he has built up a splendid business, which has outgrown the present quarters. The tailoring department has had a very marked increase in business and it will occupy the greater part of the new addition. All lines now carried will be increased.

To move as much stock as possible before the carpenters start work, Mr. Wolff has arranged for a big sale, known as a "Remodeling Sale," which starts Saturday, August 16, and ends Saturday, August 26.

CARPENTERS TO HAVE FLOAT

At a special meeting of the Carpenters and Joiners' Union Thursday evening which was well attended the members decided to enter a float in the Labor Day parade which promises to outshine Labor Day celebrations of past years. The members decided not to purchase uniforms. The committee in charge is composed of Victor Howland, Clifford Nickel and George Backman. The committee will select a unique design for the float.

Drowned Youth's Home Was In Lewis County

It develops that the young man who was drowned off the packet Mildred Runyon, one-half mile this side of Quincy, Ky., was Jim Robbins, a 19-year-old youth of Montgomery, Lewis county, Ky.

The boy had been on the boat not more than fifteen minutes when he met his death. He boarded the packet at Quincy, paying passage to Portsmouth though he had left the impression that he was going to Fire Brick to visit some relatives. He was leaning against the forward fender, when he lost his balance and fell overboard.

The unfortunate youth of late had been working at Jim Underwood's saw mill at Montgomery. His widowed mother lives at Montgomery. A brother spent several hours Friday morning searching for the body but without success.

\$10,000 Suit Is Echo Of Auto Accident

Albert Burress filed suit against Timothy S. Jewett Friday in the common pleas court asking damages in the sum of \$10,000, alleged due for injuries sustained when an automobile owned by the defendant and driven by William Mitchell crowded

his wagon off the road near Friend-ship and threw him into an embankment. The petition avers that the plaintiff's right eye was permanently injured.

Attorneys Neph J. Dever and Geo. W. Sheppard represent the plaintiff.

TERMINALS

W. M. Macomber has been appointed New England freight and passenger agent at Boston in place of C. P. Gaither, who has retired. Mr. Macomber will solicit freight and passenger traffic in the New England territory.

I. O. Faught, truckman of the freight house at Portsmouth, while helping pile boxes of soap Wednesday evening, had his second finger on his right hand badly torn by a nail on a box. A company surgeon dressed it. Mr. Faught lives at 1311 Third street.

R. H. Duvendeck, clerk for the foreman of engines at the Portsmouth N. & W. office, was called to his home at 1125 Eighth street, Portsmouth, Friday, on account of sickness of a relative.

L. B. Damron, fireman on yard engine No. 684 of the Kenova yards, while sprinkling coal with hot water from the engine Thursday morning, got his right foot badly scalded when the sprinkler hose blew off of

the end of the pipe. He was attended by a company surgeon.

Curley McCloud, of Gallia street, was called to his home at Fort Gray, W. Va., on account of the illness of some of his relatives.

Mrs. B. C. Boyd and children, Harry, Mabel and Myrtle, will leave Saturday morning for a ten days' visit with relatives at Echo, W. Va.

Mrs. W. J. Callahan and children, Gwendolyn and James, of Gallia street, returned home Thursday after a several weeks' visit with relatives at Kenova.

WILL SLOAN DEAD

Mrs. Benjamin Johnson, of 1118 Gallia street, received word at three o'clock Friday morning that her brother, Will Sloan, died in Columbus about 2:30 o'clock this morning, after a long illness of gastritis. He has a number of friends here. He left here about fourteen years ago, when he moved to Columbus. The deceased was 33 years of age and made his home with his mother, Mrs. Mary Sloan.

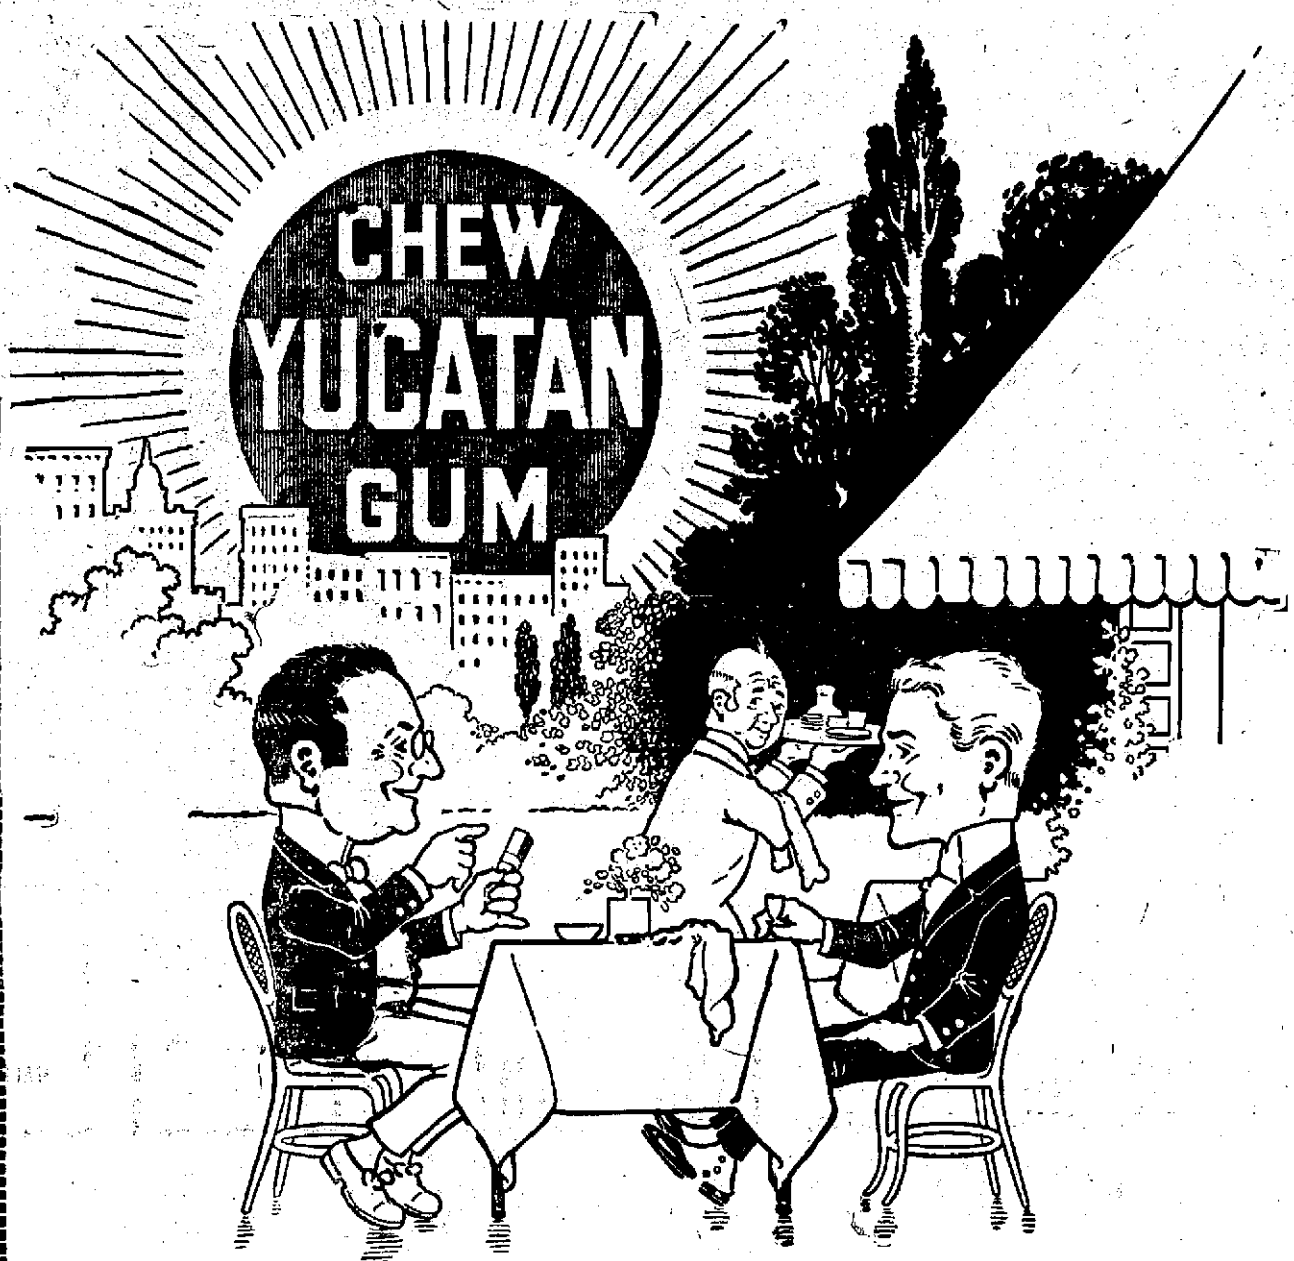

The deceased is survived by his mother, Mrs. Mary Sloan, and two sisters, Mrs. Ben Johnson and Mrs. Henry Baker, of this city.

The remains will be brought here Saturday, and will be taken to the home of Mrs. Johnson. The time for the funeral will be announced Saturday.

Woman Who Talked Too Much And Man Who Did Not Talk Enough Are Set Free

Mrs. Bettie Parker has been released from police custody pending a hearing of the disorderly charge against her. Bettie was escorted by Captain Roma Walker as she was entering the home of Mrs. William Diltz, on West Eleventh street, a few days ago, he warning her to stay away from there. Once she was inside the house she began boasting how she had assailed Walker, to whom she referred as a "big stiff". Walker stood outside and overheard every word. He accordingly

Too Fat Get More Fresh Air

Be Moderate in Your Diet and
Reduce Your Weight With
Oil of Korein

Lack of fresh air weakens the oxygen-carrying power of the blood, the liver becomes sluggish, fat accumulates and the action of many of the vital organs are hindered thereby. The heart action becomes weak, work is an effort and the beauty of the figure is destroyed.

Fat put on by indoor life is unhealthy and if nature is not assisted in throwing it off by increasing the oxygen-carrying power of the blood, a serious case of obesity may result.

When you feel that you are getting too stout, take the matter in hand at once. Don't wait until your figure has become a joke and your health ruined through carrying around a burden of unhealthy and unhealthy fat.

Spend as much time as you possibly can in the open air; breathe deeply, and get from The Fisher & Streich Pharmacy, or any drug-gist a box of oil of korein capsules; take one after each meal and one before retiring at night.

Weigh yourself every few days and keep up the treatment until you are down to normal. Oil of korein is absolutely harmless, is pleasant to take, helps the digestion and even a few days' treatment has been reported to show a noticeable reduction in weight.

East Side Voters Endorse Mr. Lair

To the Republicans of Scioto County: For more than forty years it has been the practice of the Republican party to nominate a candidate for county commissioner from each of the three divisions of the county, viz: the East Side, the West Side and the City of Portsmouth.

We believe the practice was both proper and satisfactory to all parts of the county. As citizens and tax-payers from the East Side we most cheerfully recommend to the voters at the Republican primary election, on next Tuesday that they assist with their votes and influence, in nominating Mr. Frank B. Lair, of Harrison township, as the candidate from the eastern road districts of the county. Mr. Lair has been all his life an active worker for the Republican party, ever ready to give his time, when the needs of the party required it.

He has all the necessary qualifications to make a most capable and efficient county commissioner. He was a member of the Harrison Township Board of Education for twelve years continuously.

He has been a member of the Board of Trustees of Harrison township for five years, and is now serving as president of said

board of trustees. He is also a Justice of the Peace in and for Harrison township.

The above positions held by him are named to show the esteem and confidence given him by his neighbors and those who know him best. We solicit your support for Mr. Lair, on behalf of the Republicans of that portion of the county, from which our large precinct majorities have been given in the past, and which also pays a very large per cent of the taxes paid by the county districts.

TEDDY'S PLACE AT HEAD OF THE BULL MOOSE TICKET WILL REMAIN VACANT, LEADERS AGREE

Indianapolis, Ind., Aug. 4—Plans for the reorganization and perpetuation of the Progressive party as a national political organization were adopted here last night at a conference of Bull Moose representatives. The conference after a heated discussion decided it would be impracticable at this date to reassum-

ble the Progressive national convention and fill the vacancy on the national ticket caused by Theodore Roosevelt's declination of the nomination for President. Instead the organization will put up an electoral ticket in every state where there is the nucleus of an organization left, bearing the name of John M. Parker, of Louisiana, nominee for

vice-president, in the hope of perhaps electing enough presidential electors, who might prove the balance of power in the event of a close contest between the two parties.

Among the states in which this plan will be carried out are: Louisiana, Maryland, Indiana, Missouri, Wisconsin, Michigan, Utah, North Dakota and Minnesota.

Get The Cots Ready

The police have accepted the challenge of the River City band boys for a game of base ball, and it is expected that the respective managers, Tom Albrecht and Floyd Stearnes, will get together shortly to arrange for the date.

EAGLES WANT 1918 CONVENTION

River City Aerie of Eagles, at its meeting Thursday night, held a general discussion on preliminary plans for securing the 1918 state convention of the order for Portsmouth. Next year's meeting will be held at Marion and it is expected to send a large delegation from this city. One application for membership was received at the meeting.

Owners Complying With Police Orders

The police say that they have seen little necessity for enforcing the order effective August 1st, requiring all dogs to be muzzled. Owners generally seem to be complying with the order.

BIG CATCH

Under the caption, "Lucky Ike," the Rod and Gun column of Tuesday's New York Sun had the following concerning a recent guest of Dr. Jos. Gill, veterinary surgeon, of No. 518 Third street:

"Col. Isaac B. Lindman, one of Cincinnati's hotel men, who is spending a few weeks at Nassau-by-the-Sea, was out fishing last Thursday in the motor sloop Big Chief, and

caught 32 sea bass and 14 black fish, the biggest of which was a 6 pound bass. Many of the bass were of the humpback variety.

"The Colonel says fishing in the Ohio river for catfish is nothing to the sport here. All he wants now is to catch a shark. He will ship it to his old friend, Tom Gill, he says, if he gets one."

Almost One Hundred
A man close to the century mark was the most interesting figure among the group of spectators in the mayor's court Thursday morning. He was Thomas Bellamy, aged 94 years, father of W. M. Bellamy, of Lewis county, Ky. He for some time past has been living with relatives at Davis Station. Bailiff Joe Stohley showed him every possible courtesy.

CORN IN NOSE

Some West Side persons brought a 2 1/4-year-old boy named Webster, to Dr. W. E. Gault's office Thursday to have a grain of corn removed from his nose. The child had been playing with corn while seated in a buggy and in some manner got the grain up his nostril. He had to be chloroformed to have the grain removed.

Old Jefferson Furnace At Wellston To Start

The Wellston Sentinel says: "Old Jefferson Furnace, situated near Jackson, will go into blast Monday next, and stock is now on the ground and fires are up.

"Old Jefferson will probably be the only furnace in America using native ore exclusively and charcoal made from the timber from the hills surrounding it. The capacity of the furnace will be from ten to twelve tons per day, of the very finest charcoal iron.

"Old Jefferson made a notable record in the halcyon days of charcoal furnacing and its come-back seems like a step from the grave, really startling in its import and most encouraging in its effect."

Fires were started in No. 2 stack of the Wellston furnace Thursday morning.

William, little son of Mr. and Mrs. Henry Mershon, of Rhodes avenue, is suffering with stomach trouble.

Miss Dorothy Millikin of Portsmouth, spent Thursday with Miss Virginia Hurley of Rhodes avenue.

Miss Ella Giffin, of Stanton avenue, and Carl Ellsesser, of Seioville, took 6 o'clock dinner with Mrs. James Semones of Portsmouth, Wednesday.

Mrs. Samuel Mowery, of Portsmouth, spent Wednesday with her mother, Mrs. A. B. Griffin, of Ohio avenue.

Miss Jane Dalton has returned to New Boston after a two weeks visit with home folks at Carbonhill, Ohio.

Mrs. Earl Dodds, of Gallia avenue, returned home Friday after visiting her parents, Mr. and Mrs. J. T. Addis of Harrisonville for several days.

The Ladies' Aid Society of the Christian church was delightfully entertained at the home of Mrs. Thomas O'Neal of Gallia avenue, Thursday evening, with a lawn fete. The lawn was beautifully decorated with many Japanese lanterns. There was a large crowd present and a good time was enjoyed by all.

Donald, little son of Mr. and Mrs. Hiram Hickman, of Gallia street, burned his left leg Thursday afternoon when he got near the radiator of an automobile that was standing near his home.

Thomas Brown, who purchased Ira Fenner's livery stable several days ago, purchased a Ford touring car from the Universal Motor company, Thursday.

Mrs. Hiram Hickman, of Gallia street, is suffering with a boil on her right arm between the elbow and wrist.

John Cooper of Gallia street, purchased a new Overland touring car from F. E. Bower a few days ago.

The Catholics at New Boston will hold their regular monthly business session Sunday evening, at 7:30 p. m., at the Thalian theatre. All are requested to be present.

Mrs. John Williams and children, guests of Mrs. Orin Smedley, of Spruce street, Thursday.

Two Bids Submitted For Hilltop Sewers

The A. E. Miller Construction Company and the S. Moore & Son company were the only firms to submit bids Friday noon for the tract of constructing Portsmouth's Hilltop sanitary sewer system.

While City Engineer Samuel G. Harper did not expect to finish tabulating the bids before Saturday, indications were that the Miller company was the lowest bidder.

The city provided a bond issue of \$42,000 to cover the cost of the proposed system and the engineer's estimate of the cost of the work was the same.

The new sewer will take care of all drainage north of Robinson avenue, from Chillicothe to Spring street, or the entire Hilltop district. It is estimated that it will eventually be taking care of 2500 taps.

LOST 5 YEARS FROM HIS LIFE

Remarkable Story Is Told by Ohio Man Who Has Been Restored by Tanlac.

"I have been able to work only about six months each year for the past ten years.

"But I haven't lost a day's work since I began to take Tanlac."

This is the statement of David R. Case, of Mt. Healthy, Ohio, near Cincinnati.

These two short sentences contain as high a tribute as can be paid to a medicine. Tanlac is literally putting money into David R. Case's pocket every day. He can count its value to him in dollars and cents.

"Six months a year for ten years." To the average man this means thousands of dollars. It may mean the difference between want and plenty. It means five years out of a man's life.

Mr. Case's story will strike home to thousands.

"I suffered from a stomach trouble so serious that I could not work more than six months out of a year for the past ten years," he said. "There would be dull, constant pains in my stomach and shooting pains in my breast, back and arms.

"Everything I ate seemed to disagree with me. I discontinued drinking coffee for a year, but that made no difference in my condition. I simply could not get anything that benefited me.

"I saw the remarkable praise Tanlac was winning, and more in desperation than anything else, I decided to try it. I believe that I would be shirking a real duty if I failed to tell my story, remarkable as it may seem.

"I have now used two bottles of Tanlac. My appetite has returned and I sleep well. The pains are rare now, and, best of all, I can work all the time. I feel stronger than I have in years.

"Tanlac has done wonders for me. It has doubled my income."

It is human nature for Mr. Case to believe that he is the exception and not the rule, but his story really is not a great deal different from the statements of many thousands.

There is no remedy that acts as favorably on ailments of the stomach, liver and kidneys and on earthly affections as does Tanlac, which is now being introduced in Portsmouth at Fisher & Streich's Pharmacy.

Tanlac may be obtained in the following nearby towns: New Boston, E. H. Coburn; Seioville, Seioville Pharmacy; Bloomsville, H. J. Gleim; Seio, Stockham & Payne; McDermott, Ord Thompson; Laurensville, Dr. J. H. Fox; Stockdale, O. E. Emory & Co.; Jasper, J. W. Dewey; Pikeville, R. B. Willson; Oak Hill, Jenkins Pharmacy; Otway, J. SOCIETY

The sales force of the Bragdon Dry Goods company participated in a splash party at the Peerless Bathing Beach Thursday evening. After partaking of a fine picnic supper, bathing was enjoyed until sunset.

A delightful afternoon and evening was spent by a party of pleasure seekers Thursday. They boarded the Steamer Greyhound, with their canoes, at the Peerless Bathing Beach, and went to Wheelersburg. There they enjoyed a supper at the Baker house. The early part of the evening was spent in dancing, and later the party, with their canoes, drifted back to Peerless Beach. Those who made the trip were Misses Ruth Conger, Helen Raso, of London, Ontario, Marguerite Dawson, Jennie Lynn, Gladys Blair and Julia Dragan; Messrs. George McMahon, James Lynn, Orville Roberts, Lowell Selby, Lynn Padan and James Sawyer.

One of the pleasant picnic parties of the season was at the Peerless Beach Thursday evening. Nearly all were from Selby's office. Those who went in for a swim and lunched afterwards were Misses Clara Fields, Yuna Messer, Ada Kress, Ursula Billian, Adele Little, Rosa Camperline, Pearl Nagle, Elizabeth Taylor and Messrs. Russell Robert, Arthur Young, J. L. Marsh, Albert Schleicher, Dewey Adams, Forest Williams, Earl Grashel, Clifford Zahars, Ellsworth Damon, Joe Glass and John Woods.

Mr. and Mrs. John Ault and son, Carl, Mr. and Mrs. Wiley Tipton and daughter, Mildred, Mr. and Mrs. John Williams and son, Myron, and Miss Mary Gorlach have been spending the week at Dressler's camp, opposite the foot of Court street.

MADE IN PORTSMOUTH HALL TO BE BIG K. K. FEATURE

"Made in Portsmouth" Hall, for the Greater 1916 Korn Karnival, is the decision of the committee on arrangements for the "Made in Portsmouth" products display. The matter has been taken up with the Employer's Association, according to an announcement made Thursday by Frank M. Baggs, secretary, and has received the unanimous endorsement of that organization.

An effort will be made to have a display of everything manufactured and made in this city. These exhibits are to be concentrated in one large hall.

The West End Improvement Association has donated the committee the use of the room formerly occupied by the Morning Star, Damarin building, Second and Court streets. This room is to be decorated and space will be allotted to exhibitors.

The idea of concentrating the "Made in Portsmouth" products in one large hall has met with universal approval and it is expected that this year's display of products will far exceed those of previous years.

The committee on arrangements, which comprises George Carlyle, Mark W. Selby and James W. Barron, has delegated Frank M. Baggs to arrange with the members of the Employers' Association for exhibits.

PRAYING FOR PEACE

John G. Busl, 305 1/2 Front street, received a letter Wednesday from his sister, Miss Mary Busl, Bavaria, Germany, which is his native home.

The letter reports all of Mr. Busl's relatives living and doing well and while all of the women and children left at home are praying anxiously for peace and the return home from the battle front of their loved ones, they are not wanting for anything. In fact, if the war would continue for some years to come, the writer says the German people would be able to hold out.

Mr. Busl's nephew, Carl Busl, according to the letter, has about fully recovered from his multiple wounds suffered while fighting with the German army at Verdun some months ago and is about ready to return to his place in the ranks.

Driver Is Warned

Bierley & Yoder, proprietors of the Portsmouth Dye Works, were requested by the police Thursday to warn a boy driver of their auto truck against speeding. The boy is said to have driven down Officers street at a merry clip Thursday noon, crossing Gallia street without slowing down in the slightest.

Held For Murder

Cincinnati, O., Aug. 3.—Huntington (W. Va.) authorities, yesterday notified Cincinnati police that they were holding a negro, known as Earl, or "Snake" Johnson, who is sought in this city for the murder of Henry Coffey, aged negro, who was drowned after having been knocked off of the steamer Grandale Monday night. Detective Hall will bring the prisoner to the city.

Book Amusements For Korn Karnival

Two amusements for the Greater 1916 Korn Karnival have been booked, according to an announcement made Thursday by St. Straus, chairman of the amusement committee.

The first one is Strassell's Greater Animal Show, carrying a high-class assortment of dog, pony, trained seals and dove acts. This attraction is guaranteed by the owners to interest both young and old.

The Three Sailors is the name of the act which is to furnish the thrills for the Karnival. These daring actors, traveling under the foregoing name, startled the audiences with their deeds of daring. They have many aerial novelties and conclude their performance with a unique "Loop the Loop" feature.

Tom Bush Escapes With Bruises In Fall Similar To One That Killed Tom Brennan

To fall three stories and land upon stone flagging and escape with bruises, was the remarkable experience of Tom Bush, aged 62 years, porter at the Sherd Ray saloon, No. 117 Market street, Thursday night, at 11:30 o'clock.

One night, two years ago, Tom Brennan, who was also employed as a porter and cook at the saloon, which was then operated by the present owner's father, the late William Ring, fell from the same window, in the rear part of the building, and was instantly killed.

Bush had started up to the third floor to go to his room and retire for the night, but says that when he reached the top of the stairway and got even with the window he was seized with a dizzy spell and pitched forward. A strip had been placed across the window to prevent persons from falling, or walking through it, and this Bush carried with him in his fall.

William Eshom, a barber, who stepped out of the rear door at closing time, was startled to hear groans in the alley, and investigating, found Bush lying stretched out on the stone flagging in a dazed condition. He quickly gave the alarm and Bush was carried inside the building. Dr. W. E. Gault responded to a hurry call. He found the man badly bruised about the head, shoulder and hip and complaining of severe pains in the back, but no fractures could be found. He showed evidence of having been drinking, and persons who saw him earlier in the evening declared he was under the influence of liquor.

The distance Bush fell is close to

We put it up to Hundreds of Dentists

Long before SENRECO was offered to you we submitted it to hundreds of dentists, requesting that they put it to every test. Told them that we believed SENRECO to be an unusually good dentifrice, especially as to its cleansing qualities and its remedial action on sore, soft, bleeding gums; in the treatment of Pyorrhea, etc. Submitted the formula and asked them their opinion. They tested SENRECO from every angle; some going even so far as to make a chemical analysis—

And They Voted Yes

"Senreco appeals to me more than any dentifrice I have ever seen." "I cannot say too much for Senreco. It's put it to every test and I am convinced it is the best." "Makes the teeth clean and is free from injurious ingredients, including borax and grit." "I am inclined to get a tooth paste that does the work." "Congratulations you on formulating a dentifrice that gives one a new idea of mouth cleanliness, etc." (These quotations are from the dentists' reports. Originals on file at our office.)

With such endorsements from the men who know why not go to your dealer today and get a tube of SENRECO—25c. Keep your teeth REALLY CLEAN, and protect yourself against Pyorrhea and Decay.

A copy of the folder, "The Most General Disease in the World" together with a liberal trial size tube of SENRECO will be mailed you for 4c in stamps. The Senreco Remedy Co., Inc., Dept. 4, Masonic Temple, Cincinnati, Ohio.

Police shot and killed a dog at fright to a young matron, sleeping in a room just above the street, who 2 o'clock Friday morning. Incidentally the shooting caused a bad vision of another murder.

SQUIRREL TOOK CHARGE OF HOTEL

A young squirrel took possession of the Biggs House Tuesday afternoon and afforded all kinds of amusement for a large crowd of people who gathered on Market and Front street to watch it perform. The little animal scampered back and forth from the second and third story window sills, without paying any attention to his audience. Several young men tried to scare the squirrel from the windows but were unsuccessful. Henry Brown, young lad at the hotel is owner of the squirrel and when he arrived he took it into his keeping. Young Brown is the only one who can touch the squirrel or catch it when it is loose. The squirrel has bitten several men at the hotel.

MAKING CHILDREN EAT

Nothing is ever gained by forcing a child to eat when it refuses food. Make sure that nothing is being eaten between meals to destroy the natural appetite and if your growing child does not have a healthy craving for good, honest food at mealtimes there is something the matter. Threats of punishment if the child does not eat will not correct the difficulty.

A listless, listless, languid, nervous, irritable, and without ambition, usually means that the blood is thin. A non-alcoholic tonic such as Dr. Williams' Pink Pills is demanded.

During her teens a girl lays the foundation for her future health. Lack of blood at this time may rob her of robust, healthy womanhood. It is of the greatest importance to administer to girls who grow pale and weak a safe tonic and Dr. Williams' Pink Pills meet every requirement of the most careful mother. They make the blood rich and red and it carries renewed health and strength to every part of the body.

Your own druggist sells Dr. Williams' Pink Pills. Send today to the Dr. Williams Medicine Co., Schenectady, N. Y., for the book, "Building Up the Blood." It is free.

100 DROWN WHEN LINER IS SUNK

London, August 4.—The Italian mail steamer Letimbro has been sunk by a submarine and twenty-eight survivors have arrived at Malla, says a Reuter despatch from that place. Two boat loads with survivors also have arrived at Syracuse. The Letimbro carried a crew of 57 and her passengers numbered 113. It is believed that a large number of them lost their lives. The passengers included women and children. Survivors report that a submarine was observed at a distance of about 5,000 metres. It fired a warning shot and then gave chase, firing continuously for half an hour. It finally overtook the Letimbro, which had begun to lower boats. "The submarine," adds the despatch, "continued bombardment, smashing five boats, the occupants of which perished. Some of the survivors say that many were killed by shell fire."

FRENCH ENTER TOWN OF FLEURY

PARIS ELATED; BELIEVE GERMAN AGGRESSIVENESS WANING

FIERCE BATTLE AT FLEURY IS IN PROGRESS

Paris, August 4.—Attacking simultaneously from the northwest and from the southeast, French troops yesterday stormed the village of Fleury, three miles north of Verdun and captured several hundred Germans. In the evening, however, the Germans launched a furious counter-attack and after several violent attempts succeeded in getting a footing in the southern part of the village. The French today continue to hold the northern section of the place and heavy fighting still is in progress.

Paris, August 4.—Verdun is again in the center of the war stage. The recapture by the French of the village of Fleury which had been held by the Germans for more than a month has caused great elation in France. It is the first fruit of the French slow and methodical offensive begun three days ago and seems in the opinion of French military observers, to mark an epoch in the great movement.

The Germans appear to be less capable of operating on their old overwhelming scale and the initiative, military men here think, is about to pass to the French for good.

While the German artillery continues to be as powerful and as well supplied as ever, the Germans no longer are able to gather the troops necessary to reap the benefit of artillery preparation.

It is twenty days since the Germans made their last big attack on the right bank of the Meuse by which they obtained small results at a heavy cost. On the left bank of the Meuse nothing beyond local actions have been attempted by the invaders for a week. French bomb throwers for a fortnight past, in anticipation of the present offensive, had been creeping forward by the Vignes ravine, west of Froide Terre, with the object of getting near Thiaumont work by working around Hill No. 303.

The bombers first reached the Bres Fleury road. They then separated into two parties, one going to the eastward toward Thiaumont work and the second pushing northward toward Vacherauville and Pepper Hill.

Last week the first party stormed a redoubt west of Thiaumont and after a stiff fight went beyond that position. The second party reached the little wood of Vacherauville.

The whole section from Vacherauville to the approaches of Souville thus were in the hands of the French and the higher command judged the time ripe to attack from all sides at once.

Attacked from the northwest and the southeast, the Germans in Fleury offered desperate resistance but the French bayonets finally prevailed. Some Germans managed to escape to the Vaux Le Capitre wood but a majority was taken prisoners.

To sum up, the French, in their last three days offensive, regained all the ground that the Germans had taken several weeks to conquer. They took all the positions for a depth of about a mile from the slopes of the Souville Fort to the approaches of Hill 320 as well as in the woods east of Vacherauville and in the Vignes ravine which borders to the west of Froide de Terre Hill. The French also installed themselves in positions southwest, south and southeast of the famous Thiaumont woods.

The French official statements issued last night announcing the capture of Fleury by the French troops and recording other operations of the day along the western front says:

"On the right bank of the Meuse our infantry, continuing their offensive action on the Thiaumont-Fleury front, captured during the day by a series of successive attacks all the trenches comprised between those two points as far as a point southeast of Thiaumont work and in the vicinity of Hill 320.

"The village of Fleury was attacked simultaneously on the northwest and on the southeast and was occupied by our troops after a brilliant action. The number of prisoners taken in the course of this action and so far counted exceeds 650. This brings up to 1,750 the total number of unrounded prisoners taken by us on the right bank of the Meuse since August 1."

BRITISH GAIN GROUND WEST OF POZIERES

London, Aug. 4.—Minor operations last night by the British on the Somme front resulted in the gain for them of some ground west of Pozieres, the war office announced today.

Germany Expects British To Land On Flemish Coast For Invasion; Are Prepared

Amsterdam, Netherlands, Aug. 4.—Now that the Entente Allies have taken the offensive on all fronts, the Germans are more than ever reckoning with the possibility of an attempt to land the British troops on the Flemish coast, according to a frontier correspondent of the Amsterdam Telegraf. The marine corps has been reinforced, while a whole army of military workmen has been seen at the port of Zeebrugge. Recently an alarm was suddenly sounded at 10:30 at night and the garrison there hurried to their posts. It turned out that no attack threatened, but the whole affair was a rehearsal of the operations for repelling a landing. The coastal guns suddenly belched forth, while the anti-aircraft batteries could be heard at Flushing. The entire manœuvre lasted about half an hour.

ALLIED WARSHIPS CONTINUE TO PATROL WATERS OFF CAPES

Norfolk, Va., August 4.—The allied cruisers patrolling the entrance to Hampton Roads to prevent departure of the German submarine merchantman Deutschland, still were in position within sight of shore during Thursday and there was nothing to indicate that they were aware of the passage of the Deutschland out through the capes Wednesday night.

FOREST FIRES UNDER CONTROL

Detroit, Michigan, August 4.—The efforts of hundreds of volunteer fire fighters, coupled with rain and a lull in the wind have brought about considerable improvement in the forest fire situation in Northern and Lower Michigan, according to latest advices received here. Although a few small places report the flames still menacing, it is believed the

WOMEN AND CHILDREN SWEEPED TO DEATH BY A TORRENT OF WATER

TRAPPED IN THEIR HOMES

Middlesboro, Ky., August 4.—The death list due to the flood on Blair's Creek, Claiborne county, Tenn., was increased to 36 late last night, when fuller reports from the flooded districts were received here. From rescue parties who have returned from the stricken district it was learned that Thomas McBee, his wife and seven children and Bob Chamley and his wife, have been added to the death list, bringing the total up to 36.

The water was reported to be very slow in subsiding, and for that reason the creek had not been followed the entire distance of ten miles to its mouth. Until this is done it will not be known how many persons have been drowned.

So far only four bodies have been found. Everything along Blair's Creek has been washed away. In some places the water had run up on the mountain side 30 feet.

D. C. Edmonds, whose wife and four children were drowned, escaped after being washed for five miles along driftwood. Two of the Edmonds' children were found alive on drift timber three miles from home. Edmonds said he was awakened at three o'clock this morning by the roaring of the flood. Before he could awaken his family, the building was moved from its foundation and started floating down the stream. Edmonds said the creek was full of drift wood and other debris and that he does not know how he got out of the building, or how he was piled on the bank.

The revised list of dead are: Robert Johnson and his wife; Mrs. D. C. Edmonds, her five children, and two grand-children; Misses Lillie and Minnie Wiley, daughters of Mr. and Mrs. S. H. Wiley, of Monroe, Michigan; Bush Ferguson, his wife and seven children; W. P. Seachry, his wife and five children. The Wiley girls were visiting their grandmother.

Rescue parties late today, reported that the little valley of Blair's Creek is inundated and apparently every home for a distance of six miles has been washed away. Some estimate that the death list will total 50, but others believe that it will not exceed thirty or thirty-five.

A number of homeless have been taken to the Tazewell. Survivors tell thrilling tales of escape, but the majority are confined to simple statements that the water came upon them during the night and that before they had time to flee their homes were floating away.

ITALY TO SPLIT WITH GERMANY; TO SEVER TREATY

Amsterdam, August 4.—(Via London)—A despatch to the Italian commercial treaty of 1891, which would have expired at the end of 1917.

VON HINDENBURG IN SUPREME COMMAND ON EASTERN FRONT

Amsterdam, Via London—August 4.—The appointment of Field Marshal Von Hindenburg to the supreme command on the eastern front is hailed by the German papers as a masterful stroke.

The Hamburger Nachrichten says: "It is stated here that the new commander in chief has already ordered the recall of a number of Austrian generals, who will be replaced by Germans. It is added that Austria, in accordance to the appointment, made the stipulation that Von Hindenburg should appoint a number of Austrian officers to his staff, but it is learned that only one such appointment will be made."

London, August 4.—A Vienna despatch to the Exchange Telegraph company says: "The announcement that the German Field Marshal Von Hindenburg has been appointed supreme commander of the eastern front brought no joy in Austria-Hungary. Three Budapest papers were suppressed owing to adverse criticisms of the appointment."

Kilbane Draws Color Line

New York, Aug. 4.—Johnny Kilbane, holder of the featherweight title, is the latest champion to draw the color line. Jimmy Dunn, his manager, has made this announcement to Lou Raymond, matchmaker of the Madison Sporting club, who had offered Kilbane a guarantee of \$15,000 to box Lee Johnson, the colored lightweight, a ten-round bout in two weeks.

Dunn further stated that Kilbane would meet any good white lightweight that Raymond secured for him the third week in September.

MICHIGAN'S TRACK CHANCES INCREASED

Ann Arbor, Aug. 4.—Michigan track enthusiasts have been cheered by the announcement that Al Robinson, the former Meerberg academy star, will return to the local university next fall. Robinson's sprinting is expected to give Michigan an all-star mile relay team.

500 RACQUET YIELDERS ENTERED

Columbus, Aug. 4.—Nearly five hundred tennis players are entered in the Central Ohio Tennis Tournament that starts Saturday afternoon on the courts of the Columbus-Indiana Tennis Club. The tournament will run for a week. H. W. Lee, present state champion, lined up against Fred Zuck, of the Ohio State team and Chas. Farber, former western conference title holder, are prominent contenders in the singles.

Kitty League Has Troubles

Owensboro, Ky., Aug. 3.—It looks like four clubs will finish in the Kitty League season. At a meeting of the directors of the Madisonville club held last night it was voted to surrender the Madisonville franchise. Four of the Madisonville players are injured, and the club has just about broken up. Even this year and the directors do not care to take a chance of getting in debt. It is reported that Dawson Springs will drop out after tomorrow's game at Clarksville. Owensboro, Henderson, Hopkinsville and Clarksville will finish the season.

DOOLAN REFUSES TO JOIN REDS

Manager Mathewson today purchased an option on Mickey Doolan, the veteran shortstop who has been with the Giants for a few weeks and was expected to accompany the club to Boston but Doolan refused to go and the deal was called off.

Hard Times Experienced At South Bend

South Bend, Aug. 4.—Because the hot weather pulled baseball crowds down to almost nothing a committee of South Bend business men, headed by H. B. Ford, managing editor of The Tribune, P. J. Hardy, general manager of the Chicago, South Bend and Northern Indiana Railroad company, and George F. Hill, merchant, is preparing to raise funds to assist the local Central baseball club. Ed Smith, who holds the local franchise, was last winter promised \$2,000 by local business men if he secured a franchise for the city. Of this amount \$200 has never been paid.

EVERS DISGUSTED WITH HIS BERTH

Boston, Aug. 4.—After a quarrel in which Captain Evers and Red Smith of the Boston Nationals figured yesterday, Evers announced he was "disgusted" with the way things were going and that if he could obtain an unconditional release he was "about ready to quit the Braves."

"If I say anything I get in bad and if I don't say anything I get in bad and Evers," "So what is there to do?"

The Braves captain was ordered to the field by Captain Byron in the third inning of the second game with Chicago, but for alleged scuffling with Smith in the Boston dugout.

VOTE FOR POMERENE

Progressive Democrats everywhere with one accord indorse the legislative program being carried out by the Wilson administration. It follows that to be consistent they should indorse the men who have worked and voted to make that program possible. No man in either branch of Congress has done more along this line than Ohio's Senior Senator, Atlee Pomerene. Democrats who believe in the Income Tax, the Federal Reserve System, the Federal Trade Commission, the forward-looking legislation in the interests of the laboring and farming classes, the election of United States Senators by popular vote, the taking of the tariff out of politics through the creation of a permanent Tariff Commission and other similar legislation, owe it to the Senator to give him a vote of approval at the primaries next Tuesday. He has worked and voted for all these measures in the Senate, except the Tariff Commission, and he will vote for that when it comes before the Senate. He went on record for a Permanent Tariff Commission in his speech before the Ohio General Assembly when he was elected United States Senator, and later when a bill creating such a Commission came before the Senate under the Taft Administration he was one of two Democratic Senators to vote in the affirmative. A vote for Senator Pomerene next Tuesday will be a vote of confidence in the Wilson Administration. Every vote against him will be a vote against the Wilson Administration. Vote for Pomerene.

THE TIMES-STAR EXCITED

Down in Cincinnati the Times-Star is wonderfully displeased at Candidate Hughes because he has come out for a national amendment giving women the right of suffrage. It points out that the national convention refused to go this far, leaving the matter up to the states and scores Mr. Hughes for reading the amendment into the platform. The Times-Star points out that Ohio, New York, Pennsylvania and other large states have gone on record by decisive majorities against suffrage and says that it would be unfair to them to let sparsely settled states like Arizona, Utah, Wyoming and Colorado decide that they should allow women to vote. Of course the attitude of the Times-Star is understandable. Cincinnati is about the wettest town in the country and it is a fact not disputed that when women get the ballot, the saloon generally goes. With national suffrage, national prohibition would be pretty sure to follow and that is what Cincinnati does not want, not by any means.

Incidentally Cincinnati's large German population, which has been proclaiming its intention to vote solidly against President Wilson because they did not like his diplomatic bout with the Kaiser, seems to be in the fix of the man who bought a pig in a poke. They may get Hughes but they will also get national suffrage and national prohibition with him, which would make the average Cincinnati feel about as chipper and happy as a man about to be hanged. We cannot find it in our heart to sympathize with the Times-Star and its constituents in their dilemma. Rather we are inclined to smile a wee bit.

Our young niece, who has just been to her first real, genuine church wedding, tells us that her big brother, who lighted the candles and marched around in a red gown at the head of the procession, was easily the most important personage at the wedding. She is a little hazy about the bride and groom, but she knows to a step every move made by brother and she dropped around also to see to it that he got proper and conspicuous mention in the paper.

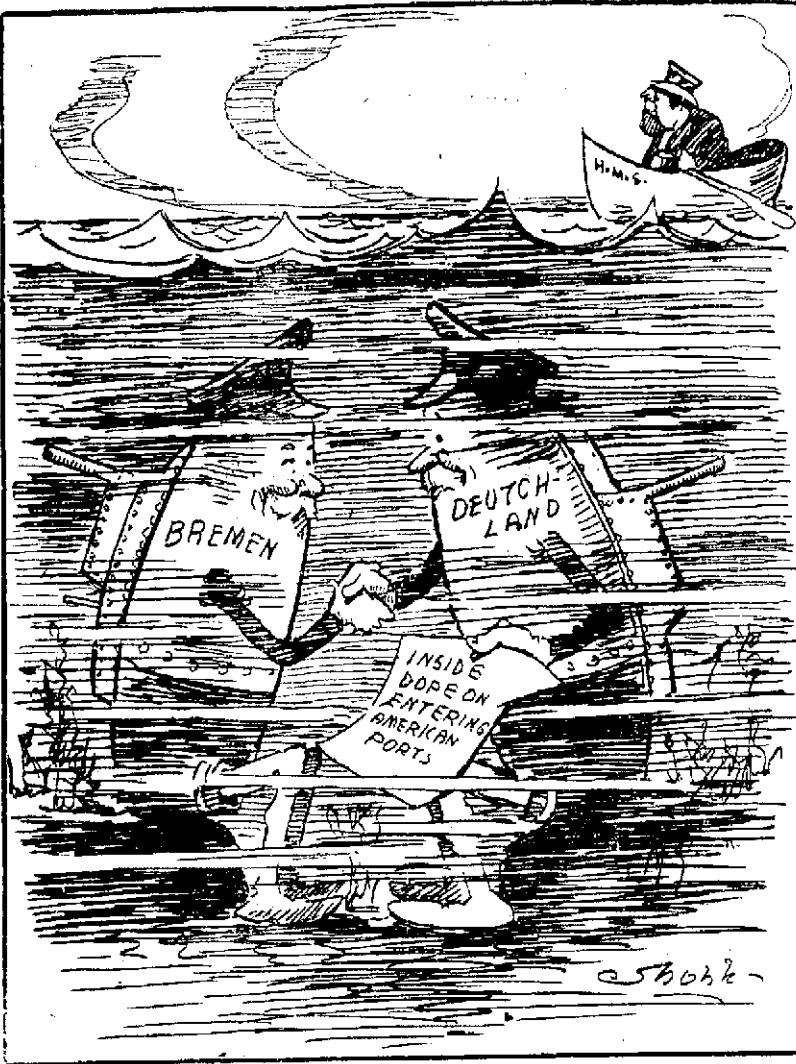

Another little thing that makes us sit up and take notice these August days is the astonishing manner in which the returned and re-saved Progressives have made themselves at home in the Republican camp and proceeded to take possession of the best seats at the table, while the regulars are waiting upon them. And, locally, they say that after they have cleaned up on Daugherty with Herrick, they will most likely kick the waiters clear out into the street.

One of our friends called us up Thursday and remarked in a meek and innocent sort of way that he had noticed in our edition of Wednesday that "Mr. Aaron Robst had been bitten by a poisonous snake on his homeplace" and that being of a curious and observing turn of mind, as well as a student of physiology, he would like to be enlightened as to just what portion of a man's anatomy could be called the "homeplace." Our voracious snake reporter informs us that Mr. Robst was bitten on the calf and following the well known deductive process of reasoning we would judge that the calf of a man's leg would therefore be called the "homeplace." This is surprising to us as it must be to our friend as we would naturally suppose that the "homeplace" would refer to some other portion of anatomy.

Just because we want to know, you know, we would like to inquire as to what date in the future the paying on Munn's Run is likely to be finished. This paying was started last year quite early and it is still dragging along at a rate that indicates it may be done by Christmas.

PERHAPS ERE THIS

STICK A PIN HERE

A certain class of people have been charging the administration with discrimination and un-neutrality between the European belligerents, because it permitted the sale of munitions of war by citizens and American firms, when only one side, having the control of the seas, could openly carry them to points of consumption. They would not heed the fact that for the United States to close her markets, under such conditions, would be un-neutral, because it would be withdrawing an international right and privilege all are equally entitled to an effort, by so doing, to equalize the contest by withdrawing from one side the advantage it had over the other, a practical interference. Neither are they mindful that indirectly millions of dollars worth of supplies that enter actively into the operation of war are finding their way to all the fighting nations. Nevertheless, it is timely to call attention to the fact that the undersea merchant, Deutschland, which has just sailed from Baltimore carries a cargo contraband of war, nickel and rubber principally, supplies that the Central Powers stand in stressful need of. Vigorous protests have been made to the administration that the Deutschland is herself a vessel of war and that she is evading a blockade by methods that are purely naval and warlike, but these have been waived aside and she was permitted to sail at the discretion of her commander without any other requirements than are exacted of every merchant ship. And against her sailing and her cargo there were no protests from those who have been so vehement in claim that the government should not permit citizens and manufacturers to freely dispose of their output to whomsoever would and could buy.

We are watching with great anxiety the efforts of a friend, who is also fat, fair and forty, to reduce in weight. Candy and all other sweet things are on the taboo and there is a diet that ought to make a person as thin as a fence rail, that is, if there is anything in dieting. We can't tell who it is for the information came to us in strictest confidence and up until we "got wise" only three others knew anything about the experiment.

Still another little way in which Colonel Sibley could escape the joys of the "Good Old Summer Time" and keep in touch with his beloved winter would be to get up an expedition and go up North to see if Doc Cook really did discover the North Pole.

Bed Time Tales

Molly Makes Bread

MOLLY CAREFULLY PUT all the silver dough had grown so big that it had lifted up the cover of the mixer and had run down the outside—that is, a little of it had run down.

"Mother! Mother!" called Molly as she ran to her mother's room.

"And so is my little helper," said Mother, stopping to kiss her little girl. "I know you are hungry, dear, and you'll not have to wait more than two minutes more."

Molly didn't reply, as she usually did, she just stood there by the table and thoughtfully watched her mother cut the bread and take the hot dinner from the oven.

"Penny for your thoughts," said Mother as she glanced at her little girl's face. "You look as though you were wanting something."

"I am," said Molly, "I'm wanting to do something besides just help. I want to really cook something, not just set the table and work like that."

"Very well," said Mother, who, by the way, was a very understanding mother. "You shall make the bread tonight."

"Really, Mother?" exclaimed Molly happily. "Really, truly?"

"Really, truly, you shall make bread," replied Mother, "and you'll be proud to show good to all."

When the dinner had been eaten and all the dishes washed and put away the bread-making began. Molly sifted the flour, measured the "potatoes," the salt and the lard; set the yeast to dissolve and got out the bread mixer. Then Mother showed her just how to put in the flour and the other ingredients and how to grind the mixer till all was a nice, smooth mass of dough.

"And now that's all till morning," said Mother, and they covered the mixer up and Molly went to bed.

Bright and early the next morning Molly hopped out of bed, put on her slippers and ran down to look at her bread. And what do you suppose she found had happened? The bread

"Do come quickly! The bread's all spoiled, and it's running away!" Mother laughed and then said, "Don't worry about that bread, Molly; it's doing just the right thing. You dress up quickly as you can and go down and turn that mixer for ten minutes. Don't try to take the cover off—just turn the mixer."

Molly did as she was told, and when Mother came into the kitchen at the end of the ten minutes she took off the cover and showed Molly a nice, smooth roll of dough that was all ready to be put into the pans for a second raising! Molly thinks bread-making is jolly fun, and she means to make some every week till school begins again.

NEW-YORK-DAY-BY-DAY

New York, August 4.—Some person with a fast automobile, no scruples and a vivid imagination was arrested in Norfolk, Conn., last week charged with going faster than anything else in Norwalk. The policeman who flashed his glittering star and made the arrest became embarrassed when the thin and speedy stranger, with a sneer curling his red and untruthful lips, asked:

"Do you know that you have arrested Mayor Mitchell, of New York?"
Gulping at least three times and placing one foot upon its terrible mate, the policeman declared that he just wanted to warn the speeder and that it was not in reality an arrest at all. With three horks and a stream of smoke, the deceitful demon "trumped" on the gas and shot right away from there.

When Mayor Mitchell arrived at the City Hall the reporters inquired what he thought of the speedy life in Norwalk and the mayor's reply showed that the honest police of Norwalk had been fooled for the several millionth time.

About a dozen correspondents have written asking the writer to map out an ideal week for the visitor to New York. It is quite a risky thing to do, for what appeals to those who live in New York may not appeal to those living out of town, but here goes for the theatres:

The Winter Garden, the Strand theatre, the Follies, the Midnight Frolics, the Palace theatre, "Fair and Warner," "The Boomerang" and "Civilization."

For unusual dining places: The Montmartre, the Ritz Oak Room, the Majestic roof, the Waldorf roof, Churchill's (After theatre) and the Automat providing of course you haven't a sore thumb.

A visitor to New York has discovered that people don't talk on the streets here, they shout. It is true, and before the visitor got away he was doing the same thing.

MAN FALLS THREE STORIES; NOT A BONE BROKEN

Tom Bush Escapes With Bruises In Fall Similar To One That Killed Tom Brennan

To fall three stories and land upon stone flagging and escape with bruises, was the remarkable experience of Tom Bush, aged 52 years, porter at the Sherid Ray saloon, No. 117 Market street, Thursday night, at 11:20 o'clock.

One night, two years ago, Tom Brennan, who was also employed as a porter and cook at the saloon, which was then operated by the present owner's father, the late William Ray, fell from the same window, in the rear part of the building, and was instantly killed.

Bush had started up to the third floor to go to his room and retire for the night, but says that when he reached the top of the stairway and got even with the window he was seized with a dizzy spell and pitched forward. A strip had been placed across the window to prevent persons from falling, or walking through it, and this Bush carried with him in his fall.

William Eshom, a barber, who stepped out of the rear door at closing time, was startled to hear groans in the alley, and investigating, found Bush lying stretched out on the stone flagging in a dazed condition. He quickly gave the alarm and Bush was carried inside the building. Dr. W. E. Gault responded to a hurry call. He found the man badly bruised about the head, shoulder and hip and complaining of severe pains in the back, but no fractures could be found. He showed evidence of having been drinking, and persons who saw him earlier in the evening declared he was under the influence of liquor.

The distance Bush fell is close to 30 feet, and it is considered remarkable that he was not killed. He spent a fairly restful night and was reported showing no ill-effects Friday morning, save that his entire body was sore. Brennan, the man who met death by falling from the window two years ago, had perched himself upon the sill to rest and fell asleep.

Book Amusements For Korn Karnival

Two amusements for the Greater 1916 Korn Karnival have been booked, according to an announcement made Thursday by St. Straus, chairman of the amusement committee.

The first one is Strussell's Greater Animal Show, carrying a high-class assortment of dog, pony, trained seals and dove acts. This attraction is guaranteed by the owners to interest both young and old.

The Three Sailors is the name of the act which is to furnish the thrills for the Karnival. These daring actors, traveling under the foregoing name, started the audiences with their deeds of daring. They have many aerial novelties and conclude their performance with a unique "Loop the Loop" feature.

CORN IN NOSE

Some West Side persons brought a 2½-year-old boy named Webster, to Dr. W. E. Gault's office Thursday to have a grain of corn removed from his nose. The child had been playing with corn while seated in a buggy and in some manner got the grain up his nostril. He had to be chloroformed to have the grain removed.

SQUIRREL TOOK CHARGE OF HOTEL

A young squirrel took possession of the Biggs House Tuesday afternoon and afforded all kinds of amusement for a large crowd of people who gathered on Market and Front street to watch it perform. The little animal scampered back and forth from the second and third story window sills, without paying any attention to his audience. Several young men tried to scare the squirrel from the windows, but were unsuccessful. Henry Brown, young lad at the hotel is owner of the squirrel and when he arrived he took it into his keeping. Young Brown is the only one who can touch the squirrel or catch it when it is loose. The squirrel has bitten several men at the hotel.

Detective Hall will bring the prisoner to the city.

The Movies

At The Exhibit "The Traffic Cop" is a five part Mutual Master picture. "The Traffic Cop" is unique in some respects, and it will probably be popular, but its main assets are the impersonations of Gladys Hulette and Howard M. Mitchell, the flash of some bright subtitles and an occasional glimpse of inside police methods.

This will be found an intensely interesting and original five-reel number, the story of which was written by Lloyd Lonergan for the Thanhouser Film Corp. The traffic policeman of New York City figure to a considerable extent in the film. The story shows how the younger brother of a police officer gets into trouble and is helped to escape arrest under a false accusation of embezzlement, through the quick wit of his brother's sweetheart.

Woman Who Talked Too Much And Man Who Did Not Talk Enough Are Set Free

Mrs. Bettie Parker has been released from police custody pending a hearing of the disorderly charge against her. Bettie was accosted by Captain Roma Walker as she was entering the home of Mrs. William Diltz, on West Eleventh street, a few days ago, he warning her to stay away from there. Once she was inside the house she began boasting how she had assailed Walker, to whom she referred as a "big stiff". Walker stood outside and overheard every word. He accordingly stepped inside and arrested her.

East Side Voters Endorse Mr. Lair

To the Republicans of Scioto County: For more than forty years it has been the practice of the Republican party to nominate a candidate for county commissioner from each of the three divisions of the county, viz: the East Side, the West Side and the City of Portsmouth.

We believe the practice was both proper and satisfactory to all parts of the county. As citizens and taxpayers from the East Side we most earnestly recommend to the voters at the Republican primary election on next Tuesday that they assist with their votes and influence, in nominating Mr. Frank B. Lair, of Harrison township, as the candidate from the eastern road districts of the county. Mr. Lair has been all his life an active worker for the Republican party, ever ready to give his time, when the needs of the party required it.

He has all the necessary qualifications to make a most capable and efficient county commissioner. He was a member of the Harrison Township Board of Education for twelve years continuously.

He has been a member of the Board of Trustees of Harrison township for five years, and is now serving as president of said board of trustees. He is also a Justice of the Peace in and for Harrison township.

The above positions held by him are named to show the esteem and confidence given him by his neighbors and those who know him best. We solicit your support for Mr. Lair, on behalf of the Republicans of that portion of the county, from which our large precinct majorities have been given in the past, and which also pays a very large per cent of the taxes paid by the county districts.

PRAYING FOR PEACE

John G. Busl, 305½ Front street, received a letter Wednesday from his sister, Miss Mary Busl, Bavaria, Germany, which is his native home.

The letter reports all of Mr. Busl's relatives living and doing well and while all of the women and children

left at home are praying anxiously for peace and the return home from the battle front of their loved ones, they are not waiting for anything. In fact, if the war would continue for some years to come, the writer says the German people would be able to hold out.

Mr. Busl's nephew, Carl Busl, according to the letter, has about fully recovered from his multiple wounds suffered while fighting with the German army at Verdun some months ago and is about ready to return to his place in the ranks.

MADE IN PORTSMOUTH HALL TO BE BIG K. K. FEATURE

"Made in Portsmouth" Hall, for the Greater 1916 Korn Karnival, is the decision of the committee on arrangements for the "Made in Portsmouth" products display. The matter has been taken up with the Employer's Association, according to an announcement made Thursday by Frank M. Baggis, secretary, and has received the unanimous endorsement of that organization.

A display of everything manufactured and made in the city. These exhibits are to be concentrated in one large hall.

The West End Improvement Association has donated the committee the use of the room formerly occupied by the Morning Star, Danahy building, Second and Court streets. This room is to be decorated and space will be allotted to exhibitors.

The idea of concentrating the "Made in Portsmouth" products in one large hall has met with universal approval and it is expected that this year's display of products will far exceed those of previous years.

The committee on arrangements, which comprises George Carley, Mark W. Selby and James W. Bannan, has delegated Frank M. Baggis to arrange with the members of the Employer's Association for exhibits.

TEDDY'S PLACE AT HEAD OF THE BULL MOOSE TICKET WILL REMAIN VACANT, LEADERS AGREE

Indianapolis, Ind., Aug. 4.—Plans for the reorganization and perpetuation of the Progressive party as a national political organization were adopted here last night at a conference of Bull Moose representatives. The conference after a heated discussion decided it would be impracticable at this date to reassemble the Progressive national convention and fill the vacancy on the national ticket caused by Theodore Roosevelt's dedication of the nomination for President. Instead the organization will put up an electoral ticket in every state where there is the nucleus of an organization left, bearing the name of John M. Parker, of Louisiana, nominee for vice-president, in the hope of perhaps electing enough presidential electors, who might prove the balance of power in the event of a close contest between the two parties.

Among the states in which this plan will be carried out are: Louisiana, Maryland, Indiana, Missouri, Wisconsin, Michigan, Utah, North Dakota and Minnesota.

LEADERS OF RAILROAD EMPLOYEES HAVE POWER TO CALL BIG STRIKE

New York, August 4.—Conferees of the leaders of the four great brotherhoods of railroad employees representing 1,000,000 men, the majority of whom are believed to have voted to strike on 225 railroad systems, were held here today. These meetings were to enable the leaders to decide upon their course of action if the representatives of the railroads again refuse their demand for an eight-hour day and other changes. The labor leaders declined to discuss the appeal to President Wilson to prevent the threatened national railroad strike. It lies in their power by virtue of the vote now being counted, to call a strike if the railroads do not accede to their demands.

BIG CATCH

Under the caption, "Lucky Tie," the Red and Gun column of Tuesday's New York Sun had the following concerning a recent guest of Dr. Jos. Gill, veterinary surgeon, of No. 519 Third street:

"Col. Isaac B. Lindman, one of Cincinnati's hotel men, who is spending a few weeks at Nassau-by-the-Sea, was out fishing last Thursday in the motor sloop Big Chief, and caught 32 sea bass and 14 black fish, the biggest of which was a 6 pound bass. Many of the bass were of the lampblack variety."

"The Colonel says fishing in the Ohio river for catfish is nothing to the sport here. All he wants now is to catch a shark. He will ship it to his old friend, Tom Gill, he says, if he gets one."
